WERE THEY CHRISTIAN NATIONALISTS?

Original Air Date: 0330.24

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

An Easter Message from President Trump: "By their fruit!"

Some muse on the news to amuse and de-confuse! Perhaps to defuse? Hehe! (Yeah, contrived to be droll, but a bit too Chucklesome for these dour days.) Anyway, I mused on woke ideology regarding crime, election integrity, Nimrod's tower builders, our freedom of speech, and the VAX attacks.

And I'll wrap it up with, "Were 'they' Christian Nationalists?"

It's time for your Brain Massage®!

[TRUTH]

An Easter Message from President Trump.

I forget which year Trump offered the following remarks in celebration of Easter. It might have been his first Easter as President. You've never heard a President speak as clearly about the meaning of Easter:

[INSERT TRUMP: 78 seconds.]

Believe it or not, many call themselves "Christian" who hate Trump! Even those who admit he was a good President will often preface their remarks with something they don't like about him. Look, as a kid, I used to visit an orange tree orchard near our home in Anaheim. Orange trees are not particularly pretty anyway, but I think I found the ugliest orange tree in the orchard. It was gnarly. I climbed up, found a perching branch, and pulled down an orange. I

peeled it and pulled off a slice, and when I bit into that orange, man, it was the juiciest, sweetest orange I had ever eaten. It was so good — I was not over eight years old, but I remember that orange like it was yesterday! Friend, it's about the fruit, not the form. I made that my go-to tree! It consistently provided the best fruit.

Now, I appreciate our President's brutal honesty—the real one, not that phony pretender Biden! Look at him! What a smile! Right? He's the “Big guy,” the tough guy who brought the President of Ukraine to his knees and commands the full power of the corrupt FBI to get Americans to bow to his tyranny. More on that in a moment. No one can lie like Biden! He is, after all, the best at some things: extortion and treason come to mind. That's the fruit you find on that tree.

Trump, what a difference! Did you know he served as president without getting a paycheck from the American people? Not one! He kept America out of war; his presidency produced the fruit of peace! He never weaponized the coercive powers of government to attack his political enemies; he never made up outrageous lies, like Russia-gate, and used them to get warrantless warrants to spy on American citizens. He honored God publicly, respected prayer and the Bible, and honored faith in GOD.

We have it on very high authority that out of the heart, the mouth speaks, and that authority is Jesus CHRIST. Listen to what Trump said about FAITH:

[INSERT: 158s]

I would say the fruit of Trump's presidency, the fruit of his policies, tells you what sort of man he is.

Compare his fruit to Biden's.

What has come of Biden's administration? Inflation and lies to cover it up; wars, and more wars, all based on lies; the weaponization of the corrupt FBI attacking his political opponents,

including moms who tweet expletives against him and pro-life Catholics; verbally abusing Christian patriots, calling them terrorists, and using lie after lie to turn our neighbors against one another. Compare the fruit of Biden's presidency to the fruit of Trump's presidency.

Yesterday (March 28, 2024), four living Presidents were in New York City. Three of them were there for a political fund-raising event with Stephen Colbert,<sup>1</sup> the idiot that frolicked like a clownish buffoon with the, uh, famous Death Jab Dancers: Dubbed the "CRINGE Syringe Remix."<sup>2</sup> Remember that? Colbert, the king of cringe!<sup>3</sup> Only one of the four Presidents was there to attend the wake of a fallen New York Police officer who was killed in the line of duty serving New Yorkers.<sup>4</sup>

I will give you the names of these four living presidents in New York on the same day, and you tell me where each of them was there for. Biden, Obama, Clinton, and Trump.

That was easy! You know what? I'll bet not a single Democrat missed that one. We all know who these men are; we know them by their fruits, that is, the results of their actions. Biden walked away with 23 million for his campaign to make America corrupt and broken. Trump went to a wake, grieved with New Yorkers, comforted the bereaved, and paid off the widow's mortgage.<sup>5</sup>

Some muse on the news.

The Woke are a very unfunny joke! Here is someone honored to be elected Mayor of St. Louis, Missouri, who has an answer to the outrageous outbreak of crime occurring at and around convenience stores and gas stations.<sup>6</sup> Folks, this is a case in which you can't fix stupid! This Mayor stated: "We have a lot of violence around convenience stores and gas stations, so how can we hold those business owners accountable and also bring down crime?"<sup>7</sup> Does she want to know how to hold the business owners accountable?

Well, if you will not allow the police to enforce the law, then let the property owners enforce it. If you will not use the taxpayers' money to provide adequate protection for your citizens, give that money to the store owners and let them hire security to police theirs and neighboring grounds. Give the store owner a badge with a gun strapped to their waist with the power to arrest and detain until the paddy wagon can finish its latest deliveries of violent thieves to the hoosegow. (Yeah, it's a word.<sup>8</sup> Originated here on the West Coast. Means JAIL.)

That's free counsel for the sleepwalking Woke Mayor of St. Louis. ENFORCE THE LAW!

But this next item goes beyond woke Mayors confused about what to do to reduce crime and hold the "victims" accountable for what criminals do — this is about the government committing crimes against American citizens.

citizen of Stillwater, Oklahoma, named Rola Abdeljuad, excused herself to get her camera.<sup>9</sup> SMART MOVE!

When she returned, she asked them to show their credentials because she had not taken the time to examine them earlier. They refused. They only said, “Yeah, we already did that.”

One said I won’t show my credentials on the phone—meaning he did not want them to be videoed. She said she did not examine the credentials and wanted to verify they were from the FBI. They did not offer a way for her to confirm they were FBI. They said they only came to chat with her about a post she put up on her FaceBook page. Her message was “F-Biden.”

One officer explained, “What we want to do is just have some conversation with you about some social media postings that you’ve made. Would you be willing to talk to us about them?” Rola said no, you can talk to my lawyer.

Now, get this: one of the FBI agents stated, in answer to a question I did not write down, something about telling someone at FBI headquarters that Facebook flagged her posts. The agent explained, “Facebook gave us a couple of screenshots of your account.”

Rola said, “So, we are not living in a free country anymore?” Then something about you can’t arrest me for free speech.

Another FBI agent agreed they couldn’t arrest her for exercising her right to free speech and assured her they were not there to arrest her; they just wanted to talk to her about her postings.

She reasonably countered: “So it’s weird that you are here to question me about my exercise of free speech.”

The FBI agent tells her, “We do this every day, all day long; we talk to people; it’s just an effort to keep everybody safe, to make sure

nobody has any ill will, bad intent, or anything like that, and we have no reason necessarily to believe that that's you, and that's why we want to have a conversation.”

Rola: “So you have concerns about my personal opinions?” That's when the FBI agent begged off, and they left. This is GESTAPO TACTICS American style. The Nazis have learned some things. Violate people's human rights, but at least do it nicely.

I've never heard of this until now, but it's true. This is what they are doing. FB is sending screenshots of what you post to the FBI (so FB has its eye on you!). Then, the FBI sends a team out to investigate you. No wonder they didn't have time to watch for terror attacks, like what likely happened in Boston, the cargo ship that took out the Francis Scott Key bridge. FB is spying on you!

The FBI did not go to Facebook with a profile of a suspicious character and a warrant and ask for FB postings for a specific person over a specified period—no, that would be too much like AMERICA, too much like following the Constitution!

No! Now FB is sending posts like F-Joe Biden — remember the chant, Let's Go Brandon — and the FBI uses that as actionable intelligence, triggering a soft investigation.

Here is another case. An individual who calls himself “The Misfit Patriot” was visited by FBI agents. He recorded the visit and shared it with us. See the link in my notes.

They declared themselves, showed their badge, and explained they were there to talk to him about his social media posts. No specific post concerned them; they said they reviewed his posts and found nothing illegal. They were following up as a matter of routine and to “check off a box.”

The FBI is pressuring YouTube. It probably doesn't take much pressure from that corrupt, fascist, Nazi-run organization, but anyway, I'm reading, “The DOJ is ORDERING Google to release

the names and addresses of YouTube viewers who watched specific videos.”<sup>10</sup>

Are you okay with this? Careful, it’s a trick question. Your answer tells me whether you are an American. I’m not talking about citizenship; I’m talking about heart and soul!

I mentioned Rola earlier; she is making the same mistake many are making now. She concluded her video by signing off with, “This is America.” I think she was being sarcastic, so let me clarify that. I’d have to talk to her to get her sentiments on this, but, friend, this is not America.

This is what the 1600 Nazis brought over her after WWII, in Operation Paper Clip, who were tasked to start the NSA and head the CIA — because, you know, no one knows national security like a goose-stepping Hiel Hitlerian Nazi.

Yep, let’s close the first segment with this topper: Washington State passed a law that encouraged coworkers, students, and other neighbors to DENOUNCE EACH OTHER TO THE AUTHORITIES if they speak in a politically unacceptable manner. The law does not even provide a process by which someone falsely accused can clear their name. They are PAYING FOR STOOGES! Yeah, a cool \$2000 in Federal Reserve printed notes to report their neighbors for “hate crimes” and “bias incidents.”<sup>11</sup>

All crimes are hate crimes, and since when is “bias” a crime?

I’ll catch you on the other side for more muse on the news!

lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

The Nimrodians are furiously building their tower. The one world globalists, carrying on in the tradition of wicked Nimrod — well, I have news for you, Mr. Karl Schwab. So long as the Temple of God remains on this earth, the Holy Spirit is here to resist your spirit of antichrist, and once again, your tower will fall!

Schwab is lecturing us again. He is telling us to “get used to total erosion of privacy.” He follows with the tagline he picked up from George Orwell when he read 1984. “If you have nothing to hide, you shouldn’t be afraid.” I want 24/7 cameras on Karl. I want a camera watching everything he does. Let’s see how he likes zero privacy. If you have nothing to hide! 1984 is the Globalists' handbook. I imagine them giggling when they read it like Gates talking about giving children shots. Just stick it right in their arms, like that!

Wide Awake Media asks who made Klaus Schwab Emperor. I think Lucas modeled the Emperor after this guy. That's a good question.

Karl’s prophet, Yuval Noah Harari, “predicts” that technology will make humans redundant. His word! This will, he explains, create a massive class of useless people who will need to be kept happy with drugs and computer games. He is not joking. This is the utopia they envision.

Harari said, ”Now, we see the creation of a new massive class of useless people. As computers become better and better in more and more fields, there is a distinct possibility that computers will outperform us in most tasks and will make humans redundant. And then the big political and economic question of the 21st

century will be, what do we need humans for? Or at least, what do we need so many humans for?"<sup>12</sup>

Here is a way to quietly address the problem of useless eaters. It's the plan that gets a giggle out of Gates every time. Haha.

Clinton, Obama, and Bush 2 are on board with the Vax scam: "The science is clear, these vaccines will protect you and those you love from this dangerous and deadly disease." I'll interview a PhD in virology and biology who has something to say about this. She personally worked with a small team of scientists examining over 3000 vials of the vaccine — a few years ago, you would have been surprised at what she discovered. But now, you'll say, yeah, figures!

What's going on? Thank you, Peter Sweden, @petersweden7 on X. Here is a 37-year-old Canadian mother who was forced to be vaccinated to visit her father. She became paralyzed after receiving the Moderna jab. The Canadian hospital, on two separate occasions, tried to talk her into opting for Medically Assisted Death, something they do in Canada these days. She is suing Moderna for \$45 million. But you probably have not heard about this! Certainly not from the so-called MSM.

Well, this is an isolated case! If you think that, you are not awake. WAKE UP! This is not a bad dream you are having. This is what's going down.

Happy Easter, my friends. Enjoy the holiday! The word *Easter* has no linguistic connection with Ishtar beyond the imagined similarly in sound, and you have to work at least a little bit to get that! It's a German cognate that means RESURRECTION. The Christians already were not celebrating the Jewish Passover. Jesus instituted the Lord's Supper with the AFTER SUPPER CUP — Passover has, well, passed over. Jesus is the PASSOVER LAMB. He instructed us to memorialize that differently — the Apostle Paul called it the LORD'S SUPPER.

<sup>12</sup> 979.3.1-WEF Yuval Noah Harari,.... <https://t.co/wf8YIRazJI> / X [https://twitter.com/wideawake\\_media/status/1773660767692190177?s=20](https://twitter.com/wideawake_media/status/1773660767692190177?s=20)

That's why Tyndale selected the word to translate Passover in Acts 12. Christians celebrate the RESURRECTION on Easter Sunday.

Our Christian roots are essential to our heritage. All our founders were professing Christians.

“Were ‘they’ Christian Nationalists?” Was George Washington a Christian Nationalist when he told his troops you would do well to add to the noble title Patriot, the even more noble title of Christian? Was John Jay, our first Supreme Court Chief Justice, a Christian Nationalist when he said Christians in a Christian nation should prefer Christians to rule over them? Was Patrick Henry a Christian Nationalist when he said America is founded upon the Gospel of Jesus Christ? Was Joseph Story a Christian Nationalist when, in a major ruling of the Supreme Court, he declared America was then and had before always been a Christian Nation?

I think you secularists have had your go, and you've almost totally ruined the country. It's time we take it back. It's no longer your toy to play with in Marx's sandbox. It's time for genuine Christians to rise and take this country back.

If George Washington, John Jay, Patrick Henry, Whitherspoon, Adams, Hamilton, and more than half of the Declaration signers had religious degrees from Christian institutions—if that's Christian Nationalism, count me in!

I have lit the lamps in the Church belfry arch, and now you let me know if you see them.
