BORDER BATTLES:

Speaker Johnson informs us that foreigners crossing our borders and signing up for benefits and services are being recruited to vote for Biden.

Schumer tried to pass legislation that would legalize what Biden is doing with our borders.¹⁰ It went into a dive and crash and burn! Well, the fact is it almost passed the first time - 49 ayes, 50 nays. Schumer tried again, and this time it was 43-50 — that means the defection is gaining strength!

First up: Is Joe Biden's administration facilitating child trafficking at the US Border?¹⁶ That's what the Attorney General of Guatemala is asking and investigating.

Ohio Representative, Warren Davidson interrogated Secretary of State Tony Blinken about "why the Biden Admin is trying to get Guatemala's AG thrown out of office, at a time when, it just "so happens," that she is investigating how the Biden Admin may be involved in funding CHILD TRAFFICKING at the border.

The good representative from Ohio asked Blinken why his state department, through our Embassy in Guatemala, threatened members of the Guatemala Congress with withdrawing their American Visas and the US Visas of their children who are studying in the US if they refused to support the removal of Guatemala's Attorney General. Do you think the United States should be manipulating members of a foreign Congress in this manner?" View it here!¹⁷ Blinken didn't, uh, blink: "It's not a question of manipulating members of a foreign Congress, it's the fact that, uh, in the recent election in Guatemala, there was a very strong attempt made to prevent the democratically elected president of Guatemala from taking office, there was an attempt to disrupt the inauguration of that President, and if we stand for

Democracy anywhere, we must stand for it everywhere, including in Guatemala.” [IBID]

You see, the US CIA has had its hand in Guatemalan politics for a long time. Read about it here.¹⁸ And here.¹⁹ And here.²⁰ And here.²¹ It’s a very old story! Anyway, clearly, the Biden Admin likes this new President, and the AG of Guatemala does not! So, there it is!

The AG has vowed to “clean up the corruption in Guatemala.” So, you can see why the Biden admin would say to the Guatemalan Congress. you’d better shut her up, or we are going to pull your American visas, and if that does not get your attention, we are going to pull your children’s student visas (And maybe it’s in the tone of voice used, or maybe along with the phone call the Guatemalan Congressman hears “ding” and looks and sees he or she just received an email from the US Embassy? What email, you ask. Here it is!²² Oh, that’s right, this is radio! Here is a picture.²³ (See next page!)

Watch how fast and aggressively the FBI, at full ready, descend on the school dorms of these kids to arrest them, and escort them to the first flight to Guatemala—standing in line waiting to board,

they say, “Hola amigo mi’o” as they pass migrants heading out of Guatemala into America. I’m just sayin’. It could not possibly get more wicked!).

I don’t know why the good Representative from Ohio did not follow up with the question that immediately occurred to me. So, your policy is to directly interject US influence into the internal affairs of foreign countries? Is that why you are okay with CCP influence in US politics, but not Okay with Russian influence in US politics? I mean, it depends on which influence helps your political fortunes — is that about right Mr. Blinken?

This Attorney General is doing what, exactly, that makes you think it’s your business to intervene by BLACKMAILING THE MEMBERS OF THE CONGRESS OF GUATEMALA? And I can think of a few more questions, too; but maybe the good Representative Davidson from Ohio was under a time constraint, and wanted to get his next question in — and it’s a real zinger!

“So is the State Department’s opposition to the Attorney General of Guatemala at all related to her investigations to determine if the Biden Administration is complicit in the trafficking of children into the United States?” Now, here Blinken starts blinking!

“Nothing to do with that?” Warren drives it home!

Blinken is all “uh,” — “uh” — Warren drives it deeper: “Correlation, not causation?” Blinken finally finds his voice and says, “That is ... absurd!” Warren, “Good to hear!” Shuffles some papers nervously!

Hmmmm! It looks like Blinken was caught flat-footed on that one.

See the exchange here.²⁴

But let’s just take what he admitted to. He admitted that the Biden Administration uses petty and personal threats to manipulate duly elected officers of other countries to do their bidding. That

²⁴ <https://x.com/robbystarbucks/status/1793703953722429527>

Congress represents their constituency and that does not included Biden and Blinken!

I think we need to FOIA Representative Warren on all the information he has regarding the Guatemalan AG's case alleging Biden is connected in any way to child trafficking across our border.

And I have a message for all those involved in child trafficking — whether it's Biden, Blinken himself, or any Cartels — “It were better for him that a millstone were hanged about his neck, and he cast into the sea, than that he should offend one of these little ones” (Luke 17:2).

And, by the way, His wrath extends beyond the agony of drowning! After death, there is the judgment, which Jesus described as being cast into hell, “into the fire that never shall be

quenched: where their worm dieth not, and the fire is not quenched.”²⁵

Child Trafficking is a well-known problem at our border, and Biden is FACILITATING it, doing NOTHING to stop it!^{26 27}

Jesus is watching you!

Okay, my friends. Hold on through the break! I’ll be right back!

Segment.02 Hello. Welcome back! I’m Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere’s lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

The Battle for the Bronx! Trump invades the Deep Blue Bronx with “shock and awe!” Is Trump’s following mere “fandom,” or is it Kingdom!

The crowds that gathered for Trump in the Deep Blue Bronx of New York were not drawn there by Trump’s star status. It’s not “fandom.” It’s not the sort of attraction some performers have, like Neil Diamond, or that kid who married a football dude — what’s her name? I can’t think of it! Taylor Swifty — that’s right. Anyway, the sort of attraction Diamond or Taylor has to draw a crowd is nothing at all the same as what draws people to Trump. Anyone, especially, in the Bronx that is drawn to his rally is there because they want to make a statement.

Exactly what AOC hated, and got all — you want to play, girl! — about! Hehe. But, really, why would she feel the need to make a statement that the Bronx is responding so strongly to Trump —

²⁵ Mark 9:42-47

²⁷ 987.35.3-Human Trafficking | U.S. Customs and Border Protection <https://www.cbp.gov/border-security/human-trafficking>

they did not expect that. So she says it's not about making a statement! Nothing to see here! It does not mean anything that thousands of Bronx New Yorkers gathered to Trump's rally — "it's not a statement," and went on about Trump has to be here, he can't leave because he has to be in court — it's like he has ankle bracelets — it's embarrassing — well, I guess it will be embarrassing to you when justice comes knocking on your door, girl!

AOC betrayed that that is exactly what is scaring them! It is making a statement—a loud statement! The Dems made another mistake. They confined Trump to his home turf, his old stomping grounds, the place of his beginnings; he is tied to New York with connections that run very deep. He speaks their language and understands their culture. The Demoncrats have trashed New York, and New Yorkers can see it. They see the crime, the degradation of their State and their communities. They see that the Dems have made New York a byword, a mockery of what it was under Giuliani. The WOKE are Waking!

They have made Trump like one of the boys from the Bronx!

Trump's appeal lies in his ideas, honesty, and approachability. He gets things done, and he loves America—the fact is, the Uniparty does not! They made the mistake of putting Trump right in front of them, as one of them.

New York's Governor Hochul is also obviously nervous. She came out with a statement that Trump supporters are "clowns" and declared NY will never, never support Trump for President.²⁸ I was looking for the name of the football players celebrity wife — Taylor Swift — so I'm looking through these pictures and there's Taylor, and, yep, sure enough, she does look like a clown!²⁹

Go ahead and gather up a whole collage of pictures of crazy woke Democrats — and tell me you don't see a bunch of CLOWNs.

Man, it's so consistent that these people are like looking in the mirror when they're calling us names.

And it's got to that! We are just calling each other names now. Clown — ooohhhh, what a chop! Remember that in High School? We'd have chop contests!

Meanwhile, local Bronx officials' early estimates of the crowds gathering at Trump's rally were saying it had already reached 25-30k. The capacity for the venue was only 3500.³⁰

What is scaring the Dems is that Trump's support is deepening while their support is moving out from under their feet like the tide just before a Tsunami!

Okay, let's begin the wrap up!

DELUSIONAL DEMS:

I'll address these Saturday night during the Brain Massage® LIVE — 8 PM; catch me on Rumble, Facebook, and Twitter.

Bill Gates comes out against trees. He says he does not subscribe to some of the unproven methods of dealing with Climate Change—that's odd! But he does support unproven assumptions about Climate Change, assumptions that contradict the science. Of course, it depends on what scientists you are talking to. If you are talking to the establishment, government-connected because government-funded scientists, they stay with the "PARTY LINE." If you talk to those whose integrity is still intact, who are willing to take a stand against bribery and pay the price to stand for the truth — if you listen to what they have to say, it's totally making sense.

³⁰ <https://x.com/BehizyTweets/status/1793748264665391294>

When Billy was asked what sort of unproved remedies does he avoid, he said, “I don’t plant trees.”³¹ Really? Everyone was all “plant trees” not too long ago.

Bill, if you wonder why we don’t “follow your science” it’s because you don’t have any. “Science” is not something we are supposed to blindly “FOLLOW.” Science is all about QUESTIONING, PROVING, repeated experiments, and so forth. The first thing you have to have before you can hope anyone will “follow” your science is INTEGRITY! This is the reason every serious scientific study I examined when researching for my book, LET MY PEOPLE BREATHE, required a disclaimer of anything connection with any company or government funding that could color their conclusions. And, Bill, integrity is something you don’t have! Anyway! I mean, how many countries have banned you now? What’s that? Three, I think!

He added, “It’s complete nonsense” to think tree planting could solve climate change. That’s interesting because I learned in 7th grade science class that trees convert CO₂ into oxygen, so I’m just sayin’! So check that out for me. That’s still true, right? Of course it is! That’s why Billy has to use his billions to bully people out of science. To boll them over with his money and destroy — you know, I don’t have time to go into it right now, but Bill hates the US. He is still angry at what “they” did to his Microsoft business.

Anyway, Bill asked, “Are we the science people, or are we the idiots?” Well, since you asked!

Here is what we have seen from you, Mr. Gates, Fauci, Birx, and the rest! Tom Renz is working to bring the wheel of justice and accountability upon those who pushed the *plandemic*. It’s actually simple: we incentivized murdering patients.³²

³¹ 987.25.1-Bill Gates think that tree planting could solve climate change <https://t.co/kqkiU558by> / X https://x.com/newstart_2024/status/1793984045862289740

³² <https://x.com/VigilantFox/status/1794029423882055731>

Go to the hospital, get diagnosed with COVID-19, and the hospital gets “more money.”

If you get put on remdisivir, Fauci gets a check, and the hospital gets—“more money.”

If you get put on a ventilator, the hospital gets “more money.”

The hospitals were incentivized because they got “more money” if a patient died from COVID than if they survived.

We now have all the evidence a reasonable mind needs to conclude Fauci and friends created the COVID pandemic and used gain-of-function research. Now they are doing with the Bird Flu what they did with the corona bug!³³ Dr. McCullough reports: The Disease X has been rightly identified as the BIRD FLU. The Georgia Poultry Diagnostic Research Center is the epicenter for Bird Flu 2 — the

Curious, they called it “disease X.” A swipe at Elon, ya think? It’s nothing but the old Bird Flu, but it’s been juiced up by gain-of-function research. McCullough says some mallard ducks were used, and some apparently escaped with the disease. It’s spreading from animal to human! That is concerning! Get ready to launch plandemic II. (I wonder if they’ll wait till after the election or get it out there like before early enough to insist on “Mail in balloting.” The most notorious method to provide cover for the machine steal of elections. A bit antsy about trying to throw the pandemic protocols at us again — general population is sensitive to that sort of aggressive abuse of government power against our personal liberties, so they’ll have to deflect anger against someone else — hey, I know, how about the World Health Organization?

³³ <https://x.com/MJTruthUltra/status/1794013233004609831>

Meanwhile, WHO is tooling up to jump in on this latest promise of a pandemic.³⁴ Here is an article they are trying to scrub from the Internet: “By month’s end, WHO seeks to pass Orwellian pandemic treaty to implement algorithmic surveillance and control systems worldwide.”³⁵ This treaty will confer massive power to the WHO over sovereign nations, including America.

BORDER BATTLES:

Speaker Johnson informs us that foreigners crossing our borders are signing up for benefits and services, “and when they do, they are being prodded to SIGN UP TO VOTE.”³⁶ What does this tell you about the disputed claim that an NGO funded by the Biden Admin, and/or George Soros, or his son, by the way, has George gone to meet his maker yet? Anyway, remember the story of flyers being found that are being distributed to illegal crossers urging them to remember to vote for Biden.³⁷ Now we hear a report from the Speaker of the House that illegal immigrants are signing up for benefits and being prodded to register to VOTE FOR BIDEN.

Is Biden preparing for war with China as he wars against Trump’s reelection? He drained the entire Northeast Gasoline Reserve.³⁸ We

know tens of thousands of soldier-fit Chinese have migrated across our border.

Look at this! 13 Oregon counties vote to secede from Oregon and join Idaho.³⁹ Why? Progressive policies and high crime!

I'll be in Bend, Oregon, Lord Willing, Sunday through Wednesday, and travel back on Thursday. Pastor Richard Piel hosts the Northwest Regional Prayer Conference, and I am very excited to be speaking with Dr. Benny Beckum on the subject of Prayer and Revival.

Pastor Richard Piel, Victory Baptist Church, in Bend, Oregon, would agree that progressive policies and high crime go together sort of like white on rice. Or brown on rice, depending on what rice we are talking about.

And it's the product of the policies that the Left has been peddling that the people are seeing that is turning them away from the Democrats and RINO Republicans.

It's substance over style, after all! The policies that made America great are the only ones that will make America great again!
