GOP CONVENTION: AMERICA GETS HER SECOND WIND! / HOW
THE GOVERNMENT FEEDS CONSPIRACY THEORIES!

Original Air Date: 07.20.24

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

The Republican Convention looked like America! Trump concludes with HOLD ON; I'M COMING ... well, that's clear enough! But then Pavarotti sings Nessun Dorma—none shall sleep! Remember that Trump is very intentional about what songs are used; when I open your eyes to the significance of this song, it is going to make you wonder!¹

Was this an inside job to take out Trump? Bongino wont say no, but he is reserving his comment on this till the facts are in. The facts are rolling in and it's beginning to look a lot like CONSPIRACY! (You are going to want my notes to look at this intriguing expose regarding the “second shooter.”^{2 3 4}

attempt and say something like “God was watching me.”⁵ This spin is being sent out there—watch out, Christian! It’s a ruse.

American Media is CCP propaganda. Like you needed more proof! Get a load of this.⁶

And look for a California political earthquake to hit California in November!

Okay, my friends, it’s time for your brain massage.

[TRUTH]

The Republican Convention looked like America!

Many things impressed me as we watched the Republican Convention, but overall, it felt, smelt, looked, and sounded like America. The emphasis on the message that JESUS CHRIST IS KING was amazing!

The unabashed patriotism of the MAGA movement is awesome, but did you notice the message underlying the convention? GOD is a PRESENT HELP in our TIME OF TROUBLE; we watched it right in front of our eyes.

Did you see the slow-motion video showing that slight turn of Trump’s head milliseconds before the bullet shot off the top of his right ear?⁷

The shot that hit him was fired at 6:11 EST — coincidentally, Ephesians 6:11 says “Put on the whole armour of God, that ye may be able to stand against the wiles of the devil.” Did you see how a nearby flag had wrapped around the line upon which it was suspended into the shape of an angel with its wings spread? Pretty cool!

But I should point out that Song 6:11 talks about a garden of nuts and a valley of fruits, so! I uh, haha!

Indeed, like many of you, I pray for Trump daily, and that morning, the LORD kept prompting my heart to pray for him extra. While I always pray for his protection, that day, my prayer was concentrated on GOD opening his mind and heart to the truth about abortion.

Did you know a flash of light occurs when the seed of the man impregnates the egg of the woman? See it here.⁸ The Scripture testifies that Jesus is the originator of that “light” (John 1:4, “In CHRIST was life; and the life was the LIGHT of men” and 1:9, testifies that Jesus “was the true LIGHT, which lighteth every man that cometh into the world.”)

Psalm 139:13-16 describes GOD as being active in the womb at conception and then fashioning the baby according to what He has written in His book!

After conception, no arbitrary number of weeks set by men turns the baby into a human being — the baby is a baby from the moment it is conceived. Intentionally destroying the child by any means from conception forward is an act of murder!

Neither President Trump nor JD Vance, nor any other human, has the power to grant the RIGHT TO LIFE to a BABY, nor the power to take it away! Our rights come from the endowment of our CREATOR, and the very first RIGHT endowed by the CREATOR to every human being is THE RIGHT TO LIFE!

⁸ <https://www.youtube.com/watch?v=efVUMPdZcPo>

The abortion question is about whether or not human life begins at conception and whether any man has the right to invade the sanctuary of a mother's womb and destroy the innocent human life there conceived. The answer to those questions is indubitable, and the right conferred to the baby is inalienable and indefeasible.

And, by the way, don't confuse the word *innocence* with *sinlessness*. They are not synonyms. You can be a sinner and yet innocent of any crime, empowering man to execute the prerogative divinely decreed in Genesis 9:6: "Whoso sheddeth man's blood, by man shall his blood be shed: for in the image of God made he man." The baby in the womb did nothing worthy of death—the baby is innocent.

So, that's what I was praying about that fateful Saturday morning.

Not only did the Convention look like America in its upbeat tone, but you also saw representatives of "fly over America" in abundance. And it was not forced, either! Every participant had earned their place on that platform! There were no "tokens" there.

And I noticed something else that I thought was remarkable. Repeatedly, we heard speakers passionately declare JESUS CHRIST IS KING. The Bible was quoted or referenced without apology.

Statements like that made on a national political stage used to embarrass Republicans. Not anymore!

As for the Democrats, for whom mentioning God in their platform was controversial, they are going out of their minds trying to co-opt GOD from the Republicans.

Joy Behar claims that as someone who was raised Catholic, she can tell us it's very unChristian to survive an event like an assassination

attempt and say something like “God was watching me.”⁹ She said it’s very narcissistic — self-absorbed, excessive interest and admiration for one’s self!

King David testified that the LORD helped him and delivered him from his enemies many times throughout the Psalms; he said twice, in one Psalm, that the LORD was “on our side” (Psalm 124:1, 2). — was he being narcissistic? That’s absurd! It’s a humble acknowledgment of Divine intervention. As for the question about why GOD allowed the fireman in that crowd to get shot and die, a man who draped himself over his family to protect them, Corey Comperatore,¹⁰ a Christian man, beloved of family and friends—it’s an understandable question. Why did God allow Corey to be killed and Trump to live?

I don’t know! Job repeatedly asked about this dilemma of life. Jesus once referred to two news items of the day, the Galilaeans whose blood Pilate mingled with their sacrifices, and the tower that fell and killed eighteen people, and He made the point that they were not sinners above all men that dwell in the city where these things happened—He looked at them and warned them that “Except ye repent, ye shall all likewise perish” (Luke 13:1-5). In another place, He explained that while His time had not yet come, He looked at all His disciples and said, “Your time is always ready” (John 7:6).

Death by an act of an evil ruler or by some random accident—we don’t know when our time is.

¹⁰ 995.27.30-Vigil held for man killed at Trump rally in Pennsylvania | kagstv <https://www.kagstv.com/article/news/nation-world/hundreds-attend-vigil-for-man-killed-at-trump-rally/507-cb8bad1a-6a0b-4a22-90ae-f83cf97dd189>

Corey was ready! And he died a hero. And his death is meaningful, as was his life. There is little worse than a meaningless life unless it is a meaningless death. This man's testimony helped finish the painting of America presented during the Convention — the picture of America — a man, being manly — doing the manly thing — shielding his family — loving his wife like Christ loved the Church and gave Himself for it — Ephesians 5.

It is an inspirational story that touched millions of lives with a message of the divinely appointed role of men—PROTECTORS!

It contributed to the sense that AMERICA was already COMING BACK.

But not completely there yet. Not to be unkind to the DEI recipients who were hardly above 5' ladies appointed to protect a man that is every bit of 6'4" — right, a touch over 200 lbs, I'd say, appointed to the detail charged with the responsibility to shield him from just the sort of attack that came upon them that day — and they looked ridiculous. One of them cowering in a near fetal position, the others bravely but lamely attempting to protect the President who is almost twice their size — the contrast could not have been more brazen! You had a man doing a MAN THING and women, by contrast, trying to do a job a man should have been given! But that's the way it is with DEI appointments. It's not about protecting the life, in this case, of President Trump, but it's all about diversity, equity, or equality, and inclusiveness — worried about not making someone feel left out!

Trump concluded the evening with HOLD ON; I'M COMING ... well, that's clear enough!

But then Pavarotti sings *Nessun Dorma*—none shall sleep! This song is played at the end of the film titled: "The Sum of All Fears"

(2002).¹¹ When you consider how intentional Trump is about what songs are used, this is going to make you wonder!¹²

The story is about an Australian Neo-Nazi who plans to trigger a nuclear war between the US and Russia. He intends to establish a fascist superstate in Europe out of the ashes of World War III.

A nuclear weapon is detonated in Baltimore, and a rogue Russian officer attacks a US aircraft carrier; the world's superpowers are pushed to the brink of an all-out nuclear war. Ryan (Jack Ryan—a Tom Clancy hero) engages to undo the plot and stop the impending war!!!

So that's the movie! The song used at the end of that movie was chosen by Trump to conclude the Convention.

Pavarrati sang beautifully in Italian. Translated into English, the song says,¹³

(Calaf, the unknown prince: says:)

None shall sleep! None shall sleep! You too, princess,

In your cold room, you watch the stars, trembling of love and hope...

But the mystery of me is locked inside of me, no one will know my name.

No, no, I will say it on your mouth, when the light will shine!

And my kiss will melt the silence that makes you mine.

The choir sings: No one will know my name...And we will, unfortunately, have to die, die!

Calaf, the unknown prince continues:

Leave, oh night! Set, stars!

Set, stars! At sunrise I will win! I will win! I will win!

When I get back, I'll bring you up to speed on what really went down in Butler town!

I'll be right back!

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

Was this an inside job orchestrated by the Biden admin or the DEEP STATE to take out Trump?

Bongino won't say no, but he is reserving any commitment on this question till the facts are in. The facts are rolling in, and it's beginning to look a lot like CONSPIRACY! I'm not calling it; I'm just bringing you up to speed on the current status of the "investigation."

Did the DEEP STATE crooks use Crooks in an attempt to take out Trump? Are we going to find out this was a pre-rehearsed hit, an inside job? (You are going to want my notes to look at this intriguing expose regarding the "second shooter."¹⁴)

Senator Josh Hawley writes this condemning letter to Mayorkas: "Whistleblowers who have direct knowledge of the event have approached my office. According to the allegations, the July 13 rally was considered to be a loose' security event." [Excuse me! They designated the Trump rally a "loose security event"?] The letter

¹⁴ <https://x.com/RyanMattaMedia/status/1814051461669785626>

went on: “For example, detection canines were not used to monitor entry and detect threats in the usual manner. Individuals without proper designations were able to gain access to backstage areas. Department personnel did not appropriately police the security buffer around the podium and were also not stationed at regular intervals around the event's security perimeter. In addition, whistleblower allegations suggest the majority of DHS officials were not, in fact, USSS agents but instead drawn from the department's Homeland Security Investigations (HSI). This is especially concerning given that HSI agents were unfamiliar with standard protocols typically used at these types of events, according to the allegations.”¹⁵

What's this? Some chick sitting in the stands behind Trump is a pretty cool customer. She does not so much as flinch when shots were fired and Trump was hit! She calmly takes pictures with her iPhone.¹⁶ One guy posted this clip claiming this is the assistant director of the FBI, Janeen Diguisseppi. But looking closely at a picture of the Deputy Assistant and comparing with the face of the girl in the video does not convince me. The face is not shaped the same. Let's see! Yeah, okay, let's take a look. Of course, we all trust Snopes, right? Anyway, it's not a bad idea sometimes to check it out, at least to get the response of the other side to this stuff. See it for yourself.¹⁷

Still, what in the world is this girl thinking? Who is she?

And what in the world is Jasmine Crockett (D-TX) thinking to repost her earlier calls to remove Secret Service Protection from Trump AFTER THE ASSASSINATION attempt?¹⁸ I think she indicated she would save us the trouble of digging that up—so, maybe an apology or some admission that you were wrong about that. She wanted him to go to jail without Secret Service protection. That's right! Not kidding!

Hey, we found a second shooter! What? Yeah! Pittsburgh police confirmed earlier suspicions triggered by the discovery of a police barricade around a second shooter site — a water tower!^{19 20}

So, what contributes to conspiracy “theories,” and while you think about that, ask yourself how many “theories” have proved to be FACTS during the last almost eight years—well, going back to the infamous assassination of JFK?

Here is the sort of thing that feeds conspiracy theories:

The HSS Director, responsible for POTUS security, tells us that the reason they did not place a counter-sniper unit on the building in question was concern about its slope. That is almost a sure tell!

We must assume all the police and SS officers had radio/phone connections and were wired to communicate with one another, but Trump was not removed immediately when the shooter was spotted on the roof.

The fact that this guy was spotted and marked as suspicious, now I'm told, an HOUR before the shooting, and SS did not insist Trump delay his appearance until the threat was neutralized:

The fact that, apparently, no ladder was on the scene opened the question of how the shooter got on the roof with his weapon: It is thought he used an AC unit to get onto the roof. Which demands an answer to the question, why would this be overlooked.

The counter-sniper unit posted on the roof behind Trump testifies he had the shooter sighted 3 minutes before shots were fired while he waited for verification of threat and green light to shoot:

The fact that Jill scheduled an event in PA for the same day and time that was “used” to pull assets from Trump’s protective detail:

The “explanation” that the building was marked as a threat, and because of a lack of resources assigned to the local Butler Police to protect, who gathered on the second floor of the building rather than on the roof? No one thought to post someone in the yard around the building or also on the roof?

Why Crooks’ parents would, on the day of the shooting, report their twenty-year-old son missing after only being gone a few hours in the day — they told the officer receiving their call they were “worried.”

And what’s this about a “second shooter”? Shades of Kennedy—multiple shooters!²¹ Pictures of a police barricade around a water tower that lines up behind the shooter’s position with a clear line of fire to the Trump platform raised some suspicions that have now been confirmed by the Pittsburgh police.

Why did Crooks have multiple and foreign encrypted phones (get ready for the Iran did it angle! Or the Russians did it! Can you hear Pavarotti?

Yeah, it’s just getting weirder by the day!

We’ll go over it some more Saturday night around 8 PM.

And I'll share some encouraging news about developments toward a California shakeup in November!

My friend and colleague Andrew St. Wilson is an American Poet. I've mentioned his book on the show before and encourage you to get it.

He sent me a poem he was actually slated to read at the Convention, but through some snafu he did not make it. His poem, however, was being circulated among the patriots there, and he sent me a copy.

FIGHT-FIGHT-FIGHT

An American tragedy
 end of innocence, 1963
 killed a president named Kennedy
 blood was shed, a leader was dead
 Sunny skies often tell lies
 evening sun, calamity had begun
 standing there, as bullets pierced the air
 missed the target, grazed his ear
 Libs have thrown everything at him
 a warrior within, the will to win
 his face laced with blood
 hit the floor with a thud
 Shots fired at 6:11
 in seconds, Secret Service stepped in
 would be assassin, lay dead in his sin
 was surely in hell before 6:12
 King of Kings, this shining image of Jasper
 inspired words for here and after
*no weapon formed against thee
 shall prosper
 greater love hath no man than this
 that a man lay down his life for his friends*
 Those bullets were not meant for Trump
 he just happened to be in the way
 Leftist aim at us every day
 want to control everything we do or say
 Blood drenched face, hands and shirt
 he was hit, he was hurt
 like a Phoenix, he rises, no surprises
 his fists raised above the horizon
 Every prayer that was ever said
 answered when he turned his head
 anointed ones don't wind up dead
 winners never surrender
FIGHT-FIGHT-FIGHT
