A CONVERSATION WITH A STUPID BUT WELL MEANING IDIOT! / THE COMMUNIST CONNECTION OF KAMALA-WALZ?

Original Air Date: 08.31.24

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

Have you ever listened to one side of a conversation and noticed you can tell what the other side is saying from the responses? You'll need to use that skill today!

The Harris Wal[t]z - A Dance of Death.

The Immunity Dilemma! Should public officials be immune from prosecution for actions they take in the course of their office? But what about another kind of immunity: the immunity communist politicians and their supporters enjoy—immunity from the consequences of their communist policies?

Harris, the Border Commie Tsar (Czar)[1] is personally liable for every murder that occurs at the hands of illegals who entered this country under the cover provided by the Biden/Harris administration. Wait till you get up to speed on the accelerated Democrat plan to finish the Coup.

Harris-Walz, presiding over the most corrupt political Party in the history of American politics, are full-blown communists.

The question that should keep you awake at night is how is it possible the Democrats expect to win with their clown show candidates?

The Department of Health and Human Sacrifice orchestrating another kill-off?

Okay, my friends, it's time for your Brain Massage®.

[TRUTH]

The Harris Wal[t]z - A Waltz of Death, a Danse Macabre (Dahns\e Macab/wa). The added T in Walz is an homage to his honorary title: Tampon Tim.

Medieval-era Earth, city dwellers in particular, sometimes gathered to watch characters dressed in various costumes depicting death follow a mock Pope or King in a parade in mock of the truth that all men of every walk walk toward the same final stop—DEATH. Today, most of the illegals flooding our country have a similar festival: Dia de los Muertos, with a twist; rather than marching toward death under the playful escort of skeletons, these welcome the return of their dead to pay them a short visit.

I plan to address the Immunity Dilemma! Should public officials be immune from prosecution for actions they take in the conduct of their office? I understand why immunity for Presidents is essential - to protect us from overzealous political partisans abusing their power to arrest a Congressman, for example, in order to keep him away from an important vote on the floor — that sort of thing! The sort of thing King George was doing to Colonists adding to our Founder's disgust with that foul oppressor. The sort of thing Anti-Democratic Democrats are doing to Trump as I speak. However, there is another sort of immunity that is used by the Demoncrats!

And what about the immunity of certain Democrats from the consequences of their policies, making them blind to what is happening to everyone else? Swifty can support the Harris Death Waltz because she is immune to the consequences of her communist policies. The illegals support the Harris Death Waltz because they benefit from her policies.

People like Don Lemon are a mixture of these two—supported by the Left, he benefits from Harris-Wal[t]z policies, and so he does not feel the economic pressures the rest of us do. People like Swift, and Lemon can read or hear a government report that says the economy under Biden is better than it was under Trump and believe it because they don't live in it—they are immune to the consequences of the policies they support and are blind to the suffering these policies inflict upon all the rest of us.

It insults me every time I hear these idiots talk about how great the Biden economy is, and how Biden-Kamalanomics is "working." It's their spit into the face of every American mother, father, our elderly on a fixed income who are suffering under their oppressive policies.

What's that? Do I have to use words like *idiot*? Well, yeah! It describes a stupid, foolish person. I read a meme today that said it takes a special kind of "stupid" to want four more years of what we have had from this administration.

Huh? No, go ahead, it's okay; really, what did you say—I'm not going to bite. you?

Okay, so you don't like the word *stupid,* either. Got it!

Well, neither do I when misused. Almost any word can be abused. For example, I despise Democrats calling themselves *Democrats*, and every time I hear them use the word *democracy,* I cringe at the hypocrisy.

The Democrat Party today is the absolute antithesis of democracy. That's why I almost always refer to them as Demoncrats. (No! Not because I think they are devils — well, many of their leaders are devils—betrayers of the Constitution, liars against their oath, like Judas, who was a devil and betrayed Christ—with a kiss no less. Some traitors are very sweet about it! Biden, for example, is a "sweet old man" who admittedly committed crimes in the abuse of his office but can't be prosecuted because he is so lovable!

Really? You think I said Trump is Christ and all who betray him are Judas?

Unreal. Look, I'm trying to have an intelligent conversation with you with a sincere desire to disabuse your precious soul of mind-blinding ignorance. Please assure me you are not the sort of stupid idiot who would twist what I said into something so utterly bizarre. Surely you are not a stupid idiot like Biden, who insists Trump said White Supremacists are "very fine people." I'm waiting! So, you do know that Trump never said that in Charlottesville or anywhere else. Thank you! That restores my confidence in you and my hope that I'm not talking to a stupid idiot.

Okay, I guess the admission that I did not actually say Trump is Christ and his detractors Judas, but you think that's what I think? I guess that will have to do for now! But for the record, here is what I think about this. Supporters of the Communist Harris-Walz ticket, particularly those still in the Demoncrat Party, are sadly under the mind-blinding influence of the Prince of the power of the air!

Whose that? It's a title for Satan given to him by Jesus after Jesus demoted him from being the Prince of this World.[2]

That's right, Satan was the Prince of this world, but Jesus fired him for insubordination—abuse of office—and crimes against humanity!

I got that from the Bible. The Bible says Jesus created all dominions, principalities, and powers.[3] You probably know what a domain is or have an idea of what it means. Good! A "principality" is the governing authority over a domain, and a "power" is an individual

[2] John 12:31 Now is the judgment of this world: now shall the prince of this world be cast out. John 14:30 Hereafter I will not talk much with you: for the prince of this world cometh, and hath nothing in me. John 16:11 Of judgment, because the prince of this world is judged.

appointed to execute the authority over a domain—these persons are called Princes because they preside over a principality. Satan was appointed by Jesus Christ to be the Prince of this world. But, he blew it and attempted to exalt his throne to be equal with GOD, so he was cast down, and dominion over the earth was given to mankind. Satan set out to corrupt mankind in order to provoke God to turn it over to him—which happened in the conquests of Alexander the Great, so that Satan could say to Christ when He came into the world that all the kingdoms of the world and the glory of them had been given to him and to whomever he would give them.[4] Jesus came into the world and bound Satan and took all the kingdoms of the world and their glory away from Satan's power.[5] Then Jesus cast Satan out, but allows him to continue as Prince of the power of the air—and that was not a promotion.

Now Satan operates in this world as the spirit that works in the children of disobedience.[6] Jesus' Spirit works in the children of obedience. [IBID] There is a great conflict between the children of disobedience and the children of obedience.

Well, it's about whether or not you obey the gospel command to repent and believe on Jesus Christ. The Bible says God will "in flaming fire [take] vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ."[7]

If you want to obey that command right now, then confess with your mouth the LORD JESUS, and believing He rose again, call

upon His name to forgive your sins and save you.8 He promised that you will be saved from the wrath to come.[9]

Oh, okay. Back to your complaint. I know, I know. You think it's low-brow, beneath my dignity, and insulting to yours for me to describe people as idiots and as stupid.

I'm giving you an answer because I respect you, and your sensitivities. Otherwise, I would not bother. So, allow me to relieve you of the burden of your ignorance.

What's with the raised eyebrow? No, I did not say you are ignorant. It's just like a liberal to do that, to take something I say and turn it into something else. You are burdened under a disadvantage of ignorance about the meaning and use of the words *idiot* and *stupid*.

These words, like any words, can be used meanly as mere pejoratives! But they can also be used appropriately as clarifying descriptions.

For example, anyone who would vote for Kamala-Walz is an idiot and stupid! First, who wants four more years of this misery? And second, anyone who believes Kamala has suddenly become a Republican is rightly described as a stupid idiot.

Well, hold on. I'm going to explain to you why I'm not using these words merely as mean but meaningless pejoratives but rather as well-intentioned meaningful descriptions.

I didn't say they are mean! It does not mean they are unkind or mean — except for their idiocy and stupidity in support of policies that are cruel to everyone and destructive of liberty. Nice idiots (and there are a great many of these in the Democrat Party) and stupid-friendly people (also well represented in the Demoncrat

Party) are, actually, the most dangerous people to liberty, justice, prosperity, and safety.

So, I need to get back to my show prep and production. Let me straighten this out for you and show you how these words appropriately describe people who support Harris-Walz!

So, first, I'm using the word *idiot* in its modern use. But remember that while usage does change over time, the changes develop out of the original use of the word. The word *idiot* derives from a Greek word that distinguished a fellow countryman who did not have political savvy from citizens who were appropriately engaged and informed.[10] So, originally, it had no bearing on intelligence. In fact, some of the most intelligent people are, in fact, *idiots*.

You can already see the appropriateness of my use of the word to describe anyone who would support the policies of Harris-Walz.

In modern use, the word identifies a stupid or foolish person.[11] We rarely hear it used to differentiate someone born with a learning handicap today, and I do not subscribe to that meaning. It was an adapted application of the meaning of the word and nowhere found in the roots of this word. I admit that I have observed idiots typically think uncritically and demonstrate a disturbing level of gullibility, as in those who, like a bobblehead that moves in whatever direction it's bumped these idiots change their position to adapt to every bump in the polls — if you get my drift.

It's idiocy to continue believing people who have been lying to you for years: Russia Collusion, Server gate (Hillary destroying her

His objective was to show, rightly, that it is idiocy to be disengaged from the politics that control our lives. Mine is to show the same thing but to extend that to those who do not engage to understand political issues correctly.]

servers to hide evidence she was doing deals for dollars during her position as Secretary of State), the whole COVID debacle, and now you believe that Kamala wants fracking, no taxes on tips — I mean, on this one, she was the tie-breaking vote to authorize expanding the IRS specifically for the purpose of catching all that revenue lost from untaxed gratuities! Really? Now she is talking about shutting down the border? And you believe her? Well, that's idiocy!

As for the word *stupid, it's pretty much the same thing;* today, they are used interchangeably. It comes from *stupere.*[12] It refers to someone who is numb of mind or astonished and so in a hopefully temporary *stupor.* I use it mostly to speak of someone who willfully refuses to think logically or to think at all.

Okay, I get it; you don't like how using these words makes you feel. Hopefully, now you can at least understand what I mean when I say anyone who would support the Harris-Walz candidacy is a stupid idiot. And hopefully, you have the good sense to agree with that, even if you don't agree with how I said it!

[Insert a sound of a phone disconnecting]

Hmmm. I think she hung up! Well, I hope her *stupere* is temporary! I will stipulate she is a very nice and kind person! The smiling, friendly, and attractive devils scare me more than the horned, warted, growling types. God deliver us from the Judas kiss!

Hang on through the break! I'll be right back!

Harris-Walz is a full-blown communist who presides over the most corrupt political Party in American politics. You are probably aware that Kamala grew up in a Marxist-Hindi home. Her father is a renowned Marxist economist from Jamaica.[13] He taught at Stanford for decades.[14] Her recently released economic plan must have made her Marxist father very proud! No presidential candidate has ever put forward such obviously Marxist-inspired tax proposals as Commie-Kamala. She wants to tax unrealized gains in real property and financial investments. Even Forbes is raising both eyebrows on this one. "Kamala Harris Plan To Tax Unrealized Capital Gain Is Scary, Here's Why."[15] Her "price controls" plan was likewise viewed askance. She has backed off from pushing some of her Communist policies—but that's only because she is responding to a bump that knocked her head in another direction.

In fact, the entire Deep State propaganda machine recoiled at the announcement of her economic plan. Did you notice that on the heels of this political fumble, suddenly, Harris is going Red! Well, she is already red, as in "rather be dead than" [only my fellow 60s brats will get that one—prove me wrong. If you were born, let's say in the 90s or after, call in and tell me what I meant by that statement, and we'll send you one signed copy of any book I've published for free—and I'll cover the shipping, too! Call 805.341.2114.]

Commie-La is making her Marxist Daddy proud! But she is not the only Marxist on the ticket.

Walz has significant ties to China, something the Congress is investigating.[16]

Did you know Walz purposely picked June 4 for his wedding date because he wanted it to be a date his bride would remember? Uh, so? Well, it happens that put their wedding date on the fifth anniversary of the Tiananmen massacre![17] He honeymooned in China. He visited China more than 30 times, and the Chinese called him by a nickname:[18] 田华 means cultivated field with the word for China. The Chinese are very subtle, and one could argue about the meaning, but consider.

One thing we all know is that China is very sensitive to US criticisms of Chinese abuses of human rights. Even Pelosi, back in 2021, spoke of her concern for China's abuse of human rights in the area of political free speech through their tech giant, Huawei — congratulating the Brits for phasing out equipment from the Chinese high-tech company.[19] This is weird, since she was in total support of our government pressuring Facebook, and YouTube to cooperate with the government encroachment against American's free speech. Zuckerberg recently confessed this in an open letter to

the Congress.[20] It's also weird, given the moral judgment that would say encroaching free speech by indirectly manipulating private companies to do what the government is Constitutionally prohibited from doing is far more devious and evil than doing it openly. If it's wrong for the government to encroach on our freedom of speech, it's also wrong for them to pressure a third party to do it! China has been censoring Hollywood movies for many years.[21]

But my point right now is, do you think for one minute that China is going to invite an American into its country, let him teach in their schools, visiting China 30 times no less, who routinely criticizes China's human rights record unless he is being "cultivated to serve China's interests?" May I suggest that is the significance of the nickname China has given to their comrade Tim Walz? Shall we add another nickname to Tampon Tim — shall we call him Tiananmen-Tim?

Didn't I hear, somewhere, surely, Kamala and Walz too, I think, say Chinese communists are "very fine people"? No! She never said that? What is her position on her father's Marxist position? Walz never said that either, huh? Hmmmm. Kamala's economic policy sounds like an introduction to Maoist Marxism, and she picked Mao-loving—Walz — yeah, he purchased arms full of Mao's little red book to give out to "friends."

Only a stupid idiot would not look at these facts and see the truth about what we are facing in America if we elect these two.

All of her policies advance a Marxist future for America.

But is this a trick? Not that she is Marxist, that's pretty much a given. Without consideration for the influence of her father, which the liberals try their best to downplay, but just from her own policies and statements, topped off by her VP pick.

The trick is using this to divert Trump's attention from campaigning against the "establishment" and "Deep State" to campaigning against Kamala the Communist.

Is this going to blunt his very powerful message that has resonated with the American worker, or will it help him broaden his appeal? It probably has a lot to do with how he applies his iron to this new wrinkle in the campaign.

But let me advise the Trump campaign on one matter: shut up about abortion. You've made your case; Trump will use the cover of Reagan to position himself on the abortion issue — but what possible reason do you have for criticizing Florida's 6-week ban? DO YOU BELIEVE IT SHOULD BE LEFT TO THE STATES OR NOT? Every time you open your mouth about this, you add huge stress on your conservative Christian base and make it increasingly difficult to swallow!

If you believe it belongs with the States and you respect the expressed will of the PEOPLE, then shut up! That's what Florida decided: respect the will of the people and your own repeated affirmation that it must be decided by each state.

Science and the Scripture support the fact that abortion is the taking of human life from the moment human life begins. Human life begins at conception. PERIOD! I don't care what you call it, embryo, fetus (which means little child, by the way) — the question is simple: is it alive? Answer, YES! What sort of LIFE is it? Is it a dog, a cat, a giraffe, a tiger, a bear? No. What sort of life is it — ANSWER: Human life. Taking human life is murder except in cases of rape and murder. You don't kill the innocent baby because it's father was a rapist.

© Jerry W. Scheidbach (All rights reserved.)

Wow. I did not even get to my comments on Harris, the Border Commie Tsar (Czar)[22] to make my point that she is personally morally liable for every murder that occurs at the hands of illegals who entered this country under watch. I'll have to get into that Saturday night for Brain Massage® LIVE - about 8 pm.

Friend, the question that should keep you awake at night is how is it possible the Democrats expect to win with these clown show candidates? Is America really ready to go COMMIE-La?

One indication that the answer is no is seen in how Americans responded to her Marxist economic plan and the fact that she is forced to co-opt Trump's campaign in order to compete.

Just remember, you should not follow someone given to change: "My son, fear thou the LORD and the king: and meddle not with them that are given to change: For their calamity shall rise suddenly; and who knoweth the ruin of them both?" (Proverbs 24:21-22). In context, the "both" that will come to ruin are the evil and the wicked man. The passage begins at verse 19: "Fret not thyself because of evil men, neither be thou envious at the wicked" (Proverbs 24:19). The evil man is a corrupter—a corrupting influence on morals. The wicked man is morally corrupt under the influence of the evil man. To "fret" is to glow hot with anger or rage. Be careful! It's a trap! Satan will try to trigger you into the corruption of outrageous anger — stay under the influence of the Spirit.

Otherwise, you will come under the power of the spirit that operated in them—the spirit of antichrist. Stay TRUE!

I have lit the lamps in the Church belfry arch, and now you let me know if you see them.
