INAUGURATION ANOMALIES / I BEG YOUR PARDON, II (WHY BIDENS ABUSES CAN BE CHALLENGED) / AND LONDON BRIDGE IS FALLING - II.

Original Air Date: 01.24.25

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

Finally, I get to talk to you about the Inauguration—sometimes it's frustrating when major news develops on Monday cause I don't get to talk to many of you about it till the following Saturday. Almost everything has been said that could be said—or has it?

Inauguration anomalies: Melania's V-for Vendetta homage, Barron's interesting exchange with Biden, Trump's mauve tie, his hand not on the Bible, and Robert's rushed swearing-in. Anything to any of this? Wait for it!

“I Beg Your Pardon” II: further insight into what Fitton is calling Pardongate!<sup>1</sup> Please listen carefully to my argument against the ABUSIVE USE OF PRESIDENTIAL PARDONS.

In light of this, consider what's going on in the country that provoked the Revolutionary War—London Bridge is Falling Down—again!<sup>2</sup> And wait till you learn the dark underpinnings of that Nursery Rhyme and how apt it is to describe WOKE's London scene.

Then we'll compare that to what has been happening in America since Trump was reelected.

Okay, my friends. It's time for your Brain Massage®:

[TRUTH]

Inauguration anomalies: Was Melania making a “statement” to Biden and company that goes beyond “Fashion” but was a menacing commination?<sup>3</sup> Some noticed her Inauguration attire called to mind the iconic character in V-For Vendetta!

That's a word we don't use often; *commination* refers to the threat of an open and public denunciation — a threatening proclamation delivered by an outward sign, symbol, or verbal declaration that vengeance is coming. It was a clerical statement or curse upon someone that they have come under DIVINE CENSURE AND CONDEMNATION.

Many of us noticed the interesting resemblance of Melania's fashion statement to the garb worn by the iconic character from V for Vendetta. This novel-made movie deals with revolution, resistance to dictators, personal freedom, and the use of symbolic communication. It's a tribute to triumph over dystopian forces.

Did Melania consciously don this elegantly dramatic dress and hat as a tasteful, elegant, formal attire befitting the honor of something so portentous as the swearing-in of the most iconic political figure since Reagan, Lincoln, or even Washington? Or was it that but something more? Was it a message to Biden, Harris, and Obama, to the Clintons, to Jack Smith, and Ergoron, to Merchan, and Fanni — the list is long — the message could hardly be missed unless by the most obtuse among them, like Kamala — a quiet, dignified, jab to the conscience of her unjust tormentors—and with them, I wonder how the FBI agents who rifled her underwear drawers felt as they

watched her walk down the aisle in black—like a Judge, approaching the bench to announce SENTENCE upon the GUILTY!

And, what did Barron say to Biden that did ashen that man's visage?<sup>4</sup> Did you see Barron's look back at Biden as if checking to be sure his words hit their mark?<sup>5</sup> Well, a closer look suggests it was a generous act, and that, at least according to an expert lip reader, all Barron said was EXACTLY — responding to Biden's casual comment, "It's good to see you, man!"<sup>6</sup> Exactly? Hmmm! Maybe we don't have sufficient context to understand the exchange, but it seems that Biden did. Take a look at his face after the brief exchange.<sup>7</sup> Here is another angle showing that when he leaned in, he was not whispering anything to Biden, he was greeting former VP Harris.<sup>8</sup> Hey, things go on with handshakes that send very strong messages between men — perhaps it was simple, You called me "man," and you got that exactly right! If you know what I mean!

[DROP: 05.DIAMOND IF YOU KNOW WHAT I MEAN.]

And hey, why didn't Trump wear a bright red tie that screamed REPUBLICAN, like he did in 2017, but instead used mauve?<sup>9</sup> Accident? Mauve is a mixture of light blue (something between blue and green on the color spectrum) with red! Hmmm! A

statement to the Republican Party, which he has single-handedly changed forever. Perhaps this represents the “color shift” in both the Republican and Democrat Parties.

Why did he not lay his hand upon his mother’s Bible, set atop Abraham Lincoln’s, as he did in 2017? This time, his hand hung by his side while his bride stood beside him, stately like, with the solemnity of Lady Justice, her eyes shielded by her Vendetta hat, wearing a serious, classic cat-caught-the-mouse smile. In her hands, she held both the scales and sword of justice—Trump’s hand hung resting by his side, leaving the scales and sword to be covered by the invisible HAND OF GOD. (I thought I noticed some subtle confusion caused by Klobachar causing the first lady to arrive into position a little bit after Roberts, it seemed to me, rushed the oath. So, maybe that’s all it was.)

By the way, just in case you caught that Roberts did not include “against all enemies both foreign and domestic,” — he recited the oath accurately, exactly like it’s found in the Constitution.<sup>10</sup> The reason Kavanaugh used these familiar words in the Oath for Vice President is because that’s the language established by Congress for the swearing in of Congress, and other Federal officials; I think it was 1789, or 1884, or something like that.<sup>11</sup>

Carrie was to be accompanied by the Marine Band for America the Beautiful; she was accompanied by America instead. Something happened and the Band could not play—Carrie was informed, and so decided to go a-cappella (without accompaniment) and asked the audience, “If you know the words, help me out here!”<sup>12</sup>

Personally, I thought it as much better and far more moving than it would have been with the tinny Marine Band. Don't get me wrong! I love the Marine Band, and I've heard them play some extraordinary patriotic songs, but America the Beautiful is a very intimate and spiritual song, and a band that depends on shrill tinny horns, in my opinion, is not the best accompaniment.

Okay, let's get into some other stuff here.

“I Beg Your Pardon” II: further insight into what Fitton is calling Pardongate!<sup>13</sup>

For those who are not familiar with Watergate, that's the scandal that started every other Presidential scandal getting tagged with “gate.” The most recent was Russia-gate! After the first two or three “-gates” it began losing it's impact and meaning. But Fitton is sharp, and he knows what he is doing. Pardongate is appropriate, because what Biden did with these pardons has more to do with COVERUP to hide crimes than anything remotely connected with mercy or justice. Biden is covering his crimes with these pardons and that's what Watergate was all about — a coverup!

Now, listen carefully as I explain what must be done about Biden's ABUSIVE USE OF PRESIDENTIAL PARDONS TO PROVIDE A COVER FOR HIS CRIMES.

The power of presidential pardons is virtually universal with regard to Law: “The President ... shall have Power to Grant Reprieves and Pardons for Offences against the United States, except in cases of Impeachment.”<sup>14</sup>

There are limits. Obviously, the President cannot absolve guilt or protect the guilty from Divine retribution. This power is limited to

<sup>14</sup> The Constitution, Article II, Section 2, Clause 1.

Federal crimes; that is, it does not include crimes prosecuted by the States. However, under all matters of United States Federal Law, he has the power to set anyone he chooses outside the reach of legal justice. The only exception stipulated in the Constitution is impeachment.

The U.S. Supreme Court has had occasion from time to time to clarify the reach of the authority of the Presidential Pardon. In 1866, President Andrew Johnson pardoned a former Confederate soldier. The court ruled: “This power ‘extends to every offense known to the law, and may be exercised at any time after its commission, either before legal proceedings are taken or during their pendency, or after conviction and judgment” [IBID].

So far as I know, the first “preemptive pardon” was issued by Gerald Ford on behalf of outgoing President Richard Nixon in 1974.<sup>15</sup> Nixon had not been charged, but the political climate was one where this was regarded likely. It’s too complex an issue to address fully here, but what I will say is that the Pardon was NOT CHALLENGED. There is a presumption of legitimacy, but the question of whether the preemptive pardon is a legitimate use of Presidential Pardon power was not tested in the Courts because it was not challenged. THIS QUESTION IS OPEN TO CHALLENGE. And it should be challenged.

Another question that should be raised is whether a Presidential Pardon can be used for himself and or his family. This seems obviously inappropriate, and as Mike Johnson said, it’s something unforeseen by our Founders. Now, the minute you go to the “unforeseen” argument, you open the door to a plethora of nonsense arguments to curtail the Rights of Americans. So let me address this.

---

<sup>15</sup> 1022.0.5-Nixon Pardon | Gerald R. Ford <https://www.fordlibrarymuseum.gov/digital-research-room/library-collections/topic-guides/nixon-pardon>

As an example, the argument that our Founders could not have foreseen the development of arms such as we have today and, on that basis, claim power to curtail our right to bear arms is bogus because the “right to bear arms” was granted when one might have procured canons, equipped their ships or boats with canon or blunderbuss (a scatter gun), they amassed large caches of weapons and ordinance, including exploding cannon balls.<sup>16</sup> Yes, exploding cannonballs were used in the Revolutionary War.<sup>17</sup> The Founders put no restrictions in their general statement that the American People would NEVER BE DEPRIVED of their RIGHT TO BEAR ARMS.

The key principle is this — the Constitution was not written to put limits on the RIGHTS OF THE PEOPLE; it was written to put LIMITS ON THE RIGHTS OF GOVERNMENT use of POWER. Reasonable restrictions on the “powers of government” is PROPER and APPROPRIATE — and no president should be allowed to give blanket pardon to anyone — the President cannot be allowed to shield criminals from justice for crimes for which they have not been CHARGED. This MUST be CHALLENGED and corrected, and the PEOPLE must SPEAK to this matter.

No government official has the right to expand the government's powers or restrict the rights of the people.

Call for Biden’s Pardons to be challenged. They are already openly challenging Trump’s J6 Pardons. They are going to squawk and howl and fuss and fume about the J6 Pardons no matter what — they cannot afford for the J6 prisoners to get to the microphones

I need to take a short break! Hold on, I'll be right back!

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

In light of this, consider what's going on in the country that provoked the American Revolution by attacking the Colonist's right to bear arms: London Bridge is Falling Down.<sup>19</sup>

By the way, the earliest and most accepted origin story of this rhyme goes back to AD 1014 — when the Viking leader, Olaf Haraldsson, supposedly pulled it down during an invasion of the British Isles.<sup>20</sup> Though this is disputed, it speaks of an invasion by a crude and uncivilized people — which in some ways, and in some measure, corresponds to what is going on in London today.

Here is a demon-possessed 17-year-old man in England who killed three girls, 6, 7, and 9 years old. One report tells us he stabbed one of these children over 100 times. In his rampage, he stabbed 11 and killed three.

The Prime Minister of the United Kingdom, Labour MP for Holborn and St Pancras, and leader of the Labour Party, Keir Starmer, denies the allegation that the man was Muslim and denounces the protestors as “far-right” thugs for having the “cheek”

to be angry.<sup>21</sup> This is the land that attempted to take away the rights of the Colonists to keep and bear arms.

Axel Munganwa Rudakubana, born in Cardiff, Wales, moved with his family to Southport, England, I think it was in 2013. Chief Constable Serena Kennedy reported that Rudakubana was in possession of an Al Qaeda training manual.<sup>22</sup> UK is constantly putting their Islam “invaders” before the people of Britain, so it’s not at all difficult to understand why the Brits believed the Constable and are angry at the “officials” who hide from the people the truth about these crazy people and their association with radicalized Islam. So Brits, weary of this, gathered at a Mosque near the killing to show their anger at this evil! The UK police typically side with these hateful murderers, and the people are DONE! This powder keg is about the blow!

Frankly, I don’t know whether this “religious family” was Muslim, or Catholic, or Christian. But I do understand why the people would believe the report of this Constable over the denials of the “official” government narrative.

Okay, to conclude today, let’s look at what is happening in America since Trump has been reelected:

Former director of the CIA, John Brennan, has had his Security Clearance revoked.<sup>23</sup> Trump’s new National Security Advisor has sent dozens of National Security Council staffers responsible for Ukraine, Iran, and North Korea home on suspension. Their access

to the White House was revoked. Those who are not on board with America First are OUT!<sup>24</sup>

Representative Thomas Massie introduced HR 645, THE NATIONAL CONSTITUTIONAL CARRY ACT. He said, “No one should have to beg the government to exercise a constitutionally protected RIGHT anywhere in the country.”<sup>25</sup>

President Trump’s Secret Service Director, Sean Curran, is cleaning house. Ten senior agency officials have been put on notice: they’ll get fired, demoted, or forced into retirement.<sup>26</sup>

Planned Parenthood, that outfit started by the genocidal Margaret Sanger, whose tradition of ethnic cleansing through promoting abortion among Black communities has been carried forward aggressively in America by Demoncrats with Deep State protection, you know, that Planned Parenthood, well it’s in the crosshairs of Divine Judgment Romans 13 style: Speaker Mike Johnson declares, effectively that the House will move to defund Planned Parenthood.<sup>27</sup>

Trump has pardoned the J6 hostages. Muriel Bowser, Mayor of DC, is obstructing the Law, complicit with the DC Prison (Gulag) administration and guards who are refusing to release the hostages per the Presidential Pardon rightly and legally executed. These people have never been about law and order; their time of usurping the Romans 13 “power,” like their predecessor, Nimrod, and using it contrary to the WILL OF GOD and of the PEOPLE of the US is over. She and her illegal army of prison guards, some allegedly hired in from foreign countries, used to inflict torture and inhumane treatment upon prisoners who refuse to “sign their

confessions,” are guilty of approving, shielding, and committing crimes under the color of law to perpetrate crimes of inhumanity against these patriots, must be arrested and prosecuted by Romans 13 justice in the hands of true “ministers of God.” Arrest Mayor Bowser! Arrest every official in that Prison who committed these crimes, including those that had knowledge of this goings-on and said nothing — put their case in the scales of TRUTH and JUSTICE and lay upon them the SWORD OF VENGEANCE.

Because, friend, the fact is they stole the scales and the sword and used these to deprive Americans of their human rights and dignity. If we allow them to get away with these crimes, we are complicit in them! They made the law void, and unless we correct it with judgment to restore justice, we are responsible for their crimes. Romans 13 says these evil doers must be judged or there will be no justice in our land.

I am convinced Bowser is hiding these J6 hostages because she is trying to cover up her crimes. The Biden holdovers are moving J6ers around to avoid releasing them. But true ministers of GOD, appointed to execute the vengeance of God’s appointed SWORD are on the case — six have been found in Grady County, KY. Another was discovered to have been moved to Canada.<sup>28</sup>

The wicked J6 Committee members, Pardoned unjustly by Biden, have been put on notice: “Expect a subpoena soon.” Representative William Timmons (R-SC) announced: “Buckle up because we’re going to get to the bottom of the nonsense Select Committee for January 6th.”<sup>29</sup> Interestingly, the Pardon actually serves the interests of getting to the TRUTH — now none of them can claim the 5th, and they will be held accountable under oath — if they lie, their Pardon cannot protect them from being charged for lying under oath. LET’S GET TO THE TRUTH!

Here you go! Even Putin agrees that the Ukraine War would likely have never started if “the victory wasn’t stolen from [Trump] in 2020.” Watch the interview right here.<sup>30</sup>

Trump has given the ATF, the DEA, and the US MARSHALS Service the green light to “arrest illegals,” adding almost 10,000 new federal agents to the “deportation squad.”<sup>31</sup>

Trump has authorized ICE to “terminate [the] parole status for 1.5 million aliens.”<sup>32</sup> Reports of child rapists, murderers, and thieves being arrested — a Haitian gang member arrested angrily curses Trump and “thanks” Obama, and Biden! [IBID. — hear this! It’s amazing.]

Trump sent the Army Corps of Engineers back to Western North Carolina to rebuild all the bridges and roads!<sup>33</sup> One lady reported she had repeatedly called Biden’s FEMA for help and was told as soon as the roads and bridges were repaired they would send help. THIS IS OUTRAGEOUS! How are the people supposed to repair their roads and bridges? Biden never even thought about sending the Army Corps of Engineers—and apparently, FEMA never even thought about that either. This is a case of CRIMINAL INCOMPETENCE? No? Okay, criminal negligence, then! Yeah, that’s right! This is not about incompetence; it’s about dereliction of duty and criminal negligence! Thank you! And, how about
