WHAT DOES A COMPASSIONATE RESPONSE TO ILLEGALS LOOK LIKE? / ISRAEL ATTACKS IRAN, WHAT YOU NEED TO NOW

Original Air Date: 06.14.25

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

I'm preparing your Brain Massage® this fine June day on Friday the Thirteenth! And it looks like June 14 will be D-Day for the latest development in the Mexican-American War! What will the Soros-Wal-Mart “No King Day” look like?

Trump wanted to strike a deal with Iran. Iran watched three good pitches cross their plate for three strikes. Trump said, something like, Yeah, I am beginning to think Iran is not serious. Netanyahu launched Operation Rising Lion to strike several Iranian military and nuclear facility targets. Let's see if Iran will return to the plate and this time strike a deal.

Another Obama judge lifts her hand against the Lord's anointed! Judge Denise Casper wants to legalize foreign invaders to vote in our elections.

Beware, there seems to be a covert effort to flood X with fake news —catnip for right-wingers, and the intention appears to be to prove “they” were right about losing control over Twitter. Learn to use your freedom responsibly and wisely. Check everything! Start demanding that anyone who cites a fact source provide a link to that source. We can't get lazy, folks. We are at war, and this IS AN INFORMATION WAR — Go ask Alex.

Hey, Trump just poked Gavin in the nose again! He used his big, beautiful Executive pen to cancel Newsom's Executive Order to

“mandate all new passenger cars and light trucks sold in California be zero-emission,” which would have meant you could only buy electric, plug-in hybrid, or hydrogen-powered vehicles after 2034.¹ Trump trumped Newsom’s pen with his bigger, more beautiful Executive Pen. The War of the Pens!

It’s time for your Brain Massage®:

[TRUTH]

Will June 14 be D-Day for the latest development in the Mexican-American War! What will the Soros-Wal-Mart “No King Day” look like?

Pretty safe to say it won’t look like compassion! If these people are going to protest our response to illegals coming here raping our women and children, and killing people, sex trafficking, and human trafficking, and argue they don’t like our response because it lacks compassion, appealing to our conscience to pity the illegals here that are not committing these crimes, then how about you show compassion for, well, let’s start with the people whose cars you are burning, or, okay, so, you say, hey, they are just here trying to make a living — okay, well, the police officers and ICE agents, aren’t they trying to “make a living”? Well, that’s different. You are right! They are doing it LEGALLY, according to Law, and as citizens of this country, they are not waving any foreign flags over their heads while they do it — no divided allegiance.

I’m just getting started, so don’t interrupt me, Padilla. Questions to follow.

How about some compassion for the business owners whose livelihood you destroy? How about some compassion for the terror

¹ 1042.33.1-Governor Newsom Announces California Will Phase Out Gasoline-Powered Cars & Drastically Reduce Demand for Fossil Fuel in California’s Fight Against Climate Change _ Governor of California <https://www.gov.ca.gov/2020/09/23/governor-newsom-announces-california-will-phase-out-gasoline-powered-cars-drastically-reduce-demand-for-fossil-fuel-in-californias-fight-against-climate-change/>

you are, and I think this is intentional, the terror you are creating in the lives of men, women, and children in your communities, some compassion for the peace of our communities—you see, you selfish pigs want it all your way.

You show no compassion — you are not demonstrating compassion — you are not modeling what you are demanding! The fact is, you are doing exactly what provokes the reaction you claim is violence.

Violence includes the root for violate! You are violating the inalienable right to life, liberty, and the pursuit of happiness.

If you say, well, these people are here to pursue their happiness. Okay! It might surprise you to hear that I understand that. It will also surprise you, possibly, to hear me say I think the failure of our Congress to act boldly to set laws for legal immigration, a reasonable way to allow workers into our country, and a balanced and just way to allow people to pursue their happiness LEGALLY.

But — yeah, you knew that was coming! BUT — meanwhile do it legally.

Here is a biblical principle for you to consider: “Men do not despise a thief, if he steal to satisfy his soul when he is hungry; but if he be found, he shall restore sevenfold; he shall give all the substance of his house.”²

I can have “compassion” on someone who breaks the law to feed himself or his family. But that does not change the LAW.

And, hey, I’m not going to take my eye off the fact that hundreds of thousands of these who have used the “pursuers of their happiness” as cover to get into our country to commit rape, murder, peddle drugs—Fentanyl? And the Chinese spies, and Hamas terrorists that have embedded in our country — NO! I’m not going to ‘look the other way” because they use some of these pitiful thieves who are

² Proverbs 6:30-31

stealing their way into our country with no intention of doing us harm—who come here to work, and not to sit on welfare and become generational dependents on the taxpayers—I’m not going to pay this extra tax on our people to support these freeloaders in order to accommodate the thief that is here to feed himself and his family.

So, back to my original point! Those of you who say you are protesting ICE deporting the pitiful thief who is here only to pursue his happiness — something I acknowledge is an inalienable human right, by the way—if you are protesting ICE rounding up these people—you blew it Friday, because ICE was not there to round up these thieves who have stolen their way into our country to feed themselves, and their family, their family here, and their family in Mexico too—sending their money out of the country—ICE was staging a “raid” on a company run by the Cartels, they were targeting criminal illegals—they were not even targeting your common thief who stole his way into California for food, and a better life, in pursuit of their happiness —

These protestors are as evil as the Taliban terrorist who hides behind the women and children as a shield, knowing our value for human life and protective instincts toward the weak, the children, the women, will make us pause—for example, the terrorists in the Middle East cry, Netanyahu dropped bombs and killed women and children, and use that to make us turn against Israel—but when October 7 occurred, they targeted women and children, and danced in the streets rejoicing—

These protestors are like those crazy people! They cry, “pitiful foreigner just trying to feed his family,” when the truth is they are using it as a cover to foment rebellion and an insurrection.

Look, anyone here, pitiful, and suffering, here to pursue their happiness—to feed their children—the minute they pick up a

Mexican Flag and go into the streets obstructing our efforts to enforce our LAWS—they lost any credibility.

You never read about Martin Luther King doing stuff like these people do. We support a peaceful protest, but we do not support anarchy.

The minute you pick up a rock and start throwing rocks at police or civilians passing by, you can't call for compassion; you've lost all credibility. You are a violent criminal, and if you are one of those who came here, that thieved your way in, that stole the privileges belonging to citizens, and you want our pity because you did it to feed yourselves and your children, and you argue that you are exercising your inalienable right to pursue your happiness, then you'd better stay home, because when you pick up your own flag, and begin supporting the sorts of things going on in these so-called protests, and you don't LEAVE IMMEDIATELY the minute some thug throws a rock, starts a fire — you'd better be moving away from your “protest” because if you are standing around you are going to get pelted with a paint ball, or bruised with a rubber bullet — and, friend, THAT'S ALL THE COMPASSION YOU'RE GOING TO GET.

That's your compassion! And it's more than you deserve.

And, now, let me say it! Friend, no one has an inalienable right to pursue their happiness by breaking into your house and stealing your stuff and saying, well, I was stealing this stuff because it makes me happy.

Of course, that's nonsense. No one thinks like that. No one has an inalienable right to pursue their happiness in violation of our laws.

GOD says, yeah, we don't despise that sort of thief, but if he is found out, he will find out compassion does not change the LAW.

He will repay sevenfold. I think we Christians are remarkably compassionate — we are not going to fine them sevenfold — but we are going to ENFORCE OUR LAWS.

By all means, advocate for Congress to address the problems we have that make it almost impossible for people to get into our country legally unless they are doctors, or highly educated technicians and so forth.

But we can't carry the weight of the world's poor either! Just like you can't contribute to the alleviating of the poor around you right now beyond your means. You have a responsibility to provide for your own, especially those of your own household — there another bit of BIBLE for you — “But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel.”³ If his household refers to his immediate family, who are “his own”? His own refers to his own people — not the people in Mexico, El Salvador, Puerto Rico, everyone in the world — “his own.” Our fellow Americans. If we don't provide for OUR OWN, and especially those of our own house —,

Hey, Sheinbaum, how about you PROVIDE FOR YOUR OWN, and we provide for our OWN!

It's appropriate to make a distinction between those who have come to commit violence against our own, and those who have thieved their way in to provide for their household—but THAT DOES NOT CHANGE THE LAW.

So, I say Trump is pursuing this exactly the way he should. Target the criminals, and as you go, if some of the, let's call them, the “pitiable” — is that okay? We do not despise the thieves who steal to feed themselves—they are pitiable! Okay, so by all means target the criminal — WHICH IS EXACTLY WHAT WE ARE DOING, but if the pitiable are hanging around the criminal — ??? See my point!

³ 1Timothy 5:8

But when you really get to the bottom of all this, it's not about the pitiable — it's about the criminal effort to assert a claim of ownership of CA, Texas, AZ, and New Mexico.

I spoke to that Thursday night on my Brain Massage® LIVE podcast. The president of the Senate in Mexico stupidly and arrogantly said Mexico would build the wall and pay for it — and showed a map of the boundaries of the US and Mexico as they were in 1830. I talked about what led to the war, and I don't have to tell you how that war went! It was settled by the Treaty of Hidalgo, your leaders signed it, your beef is with them—you are not going to intimidate Americans into stealing from the American people all they have built on this land that you agreed would be incorporated into America and if you want to pull another Santa Ana move, and try to get us to allow you to violate the agreement you made, like you did to Texas, invited the Americans to come in and settle that wilderness, and after they built it up and turned it into something you coveted, then you broke your contract with the Texans and, well, we know how that worked for you.

Do it again, you idiots, start your war, and FIND OUT. But you are going to find out that AMERICANS don't tolerate oath breakers, and deal changers, and liars and cheaters and thieves. You pick a fight with us again, and you are going to lose all of Mexico, and this time YOU WON'T GET ANYTHING BACK.

And that will be compassion. Because the fact is, the more compassionate thing to do back then would have been to keep all of Mexico, and incorporate the entire country into AMERICA.

By YOUR OWN ADMISSION, you'd be better off. Since so many of you think you'd be better off here now — every illegal that connives their way into our country illegally, claiming it's in pursuit of a better life, is saying — IT WOULD HAVE BEEN BETTER IF AMERICA HAD KEPT ALL OF MEXICO.

Sheinbaum, PROVIDE FOR YOUR OWN! Trump will show you how! It starts by breaking the hold of the Cartels and establishing genuine law and order in your own land. Don't stir up disorder and chaos here because you can't maintain law and order over there.

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

Trump wanted to strike a deal with Iran. Iran watched three good pitches cross their plate for three strikes. Trump said, something like, Yeah, I am beginning to think Iran is not serious. Netanyahu launched Operation Rising Lion to strike several Iranian military and nuclear facility targets. Let's see if Iran will return to the plate and this time strike a deal.

This was the largest attack on Iran since the Iran-Iraq war, 1980-1988. Oh, here is something deeply disturbing and totally shocking: protests break out in Iran chanting "Death to Israel."⁴ [insert laughing squirrel.]

200 jets, 100 targets, among them residential compounds for top military officials — Iran's "most senior military official," the Chief of Staff" of the Iranian armed forces, whose profile was as significant as Suleimani, the guy Trump took out via Drone attack in Baghdad in Jan. of 2020 — KILLED. At least five professors from Tehran's Shahid Beheshti University were KILLED. Nuclear scientist Mohammad-Mehdi Tehranchi—KILLED. Along with some of their family.

THE DIFFERENCE BETWEEN "THEM" AND "US" — WHEN WE HEAR OF THEIR CHILDREN BEING INCIDENTALLY

KILLED WE ARE SADDENED, AND LIBERALS HERE TAKE ADVANTAGE OF OUR VALUES AND SCREAM GENOCIDE, AND CRUELTY, AND INHUMANITY —

YET WHEN “THEY” TARGET AND KILL THE CHILDREN OF THEIR ENEMIES, OCTOBER 7, THEY CRY ALLAH AKBAR - MORE BLOOD, MORE BLOOD! YAY, YAY, THE ONLY GOOD JEW IS A DEAD JEW—right? While liberals here are ... pause, that sound you didn't hear was the liberal response to Jews being massacred. Same thing happened during WWII. Reports of Hitler's gas chambers were ignored—those foul perverted and warped liberals have never changed.

No Israeli casualties in the attack. All 200 jets and crew returned safely. Thank you, Israel. (Hey, Net, Did Mossad get tangled up in Epstein's CIA operations? Get clean! Confession is clarifying!) —

WOW — Has Jordan stepped in on the side of Israel and the U.S.? “Jordan intercepted and shot down several Iranian drones entering its airspace on their way to Israel.”^{5 6} — We know that Jordan's King Abdullah II is a U.S. ally.

The U.S. supports Jordan's right to defend its airspace. The “official” position is that Jordan was “protecting its airspace” with concern for the safety of its population. JORDAN is 60% Palestinian, who object to Israeli policies and actions in the region, particularly Gaza, but they are not easy with October 7, either. They do not chant in the streets, “Death to Israel.”

Rumors are that Jordan winked at Israel using their airspace to attack Iran, but actively engaged in interference with Iran's retaliation on Israel. The realities of Arab politics make it very

unlikely Jordan would admit any alliance with Israel, but this action likely put Jordan on Iran's radar.

But Jordan is a force to be reckoned with, and Iran will not likely retaliate in any open or direct way.

Here are reports that Saudi Arabia is allowing Israel to shoot down IRGC drones over its airspace. This is disputed.⁷ The Saudis, with Bahrain and the United Arab Emirates, all made their admiration for Trump well known. It remains to be seen whether this will translate into concrete support that would put them at odds with Iran. It should not surprise anyone if Jordan and Saudi Arabia are quietly rooting for Israel—a nuclear Iran is not something that makes any Arab nation comfortable.

Here is an article you'll want to read, from the Times of Israel.⁸ The byline says, "US persuaded several countries to help in preparing for Iranian assault on Israel, enabling a comprehensive defensive shield to be put in place, Wall Street Journal says." [IBID] "Several Gulf States, among them Saudi Arabia and the United Arab Emirates, passed on intelligence about Iran's plans to attack Israel, providing vital information that was key to the success of the air defense measures that almost entirely thwarted the massive assault." by the US, which has for years been striving to form an informal military partnership to counter threats from Iran.” [IBID.]

This is huge: “The success in stopping so many drones and missiles was due to Arab countries having passed on intelligence about the Iranian plan, as well as enabling the use of their airspace and providing radar tracking.” [IBID.] — ISAIAH 2 and MICAH 4.

Gotta move toward conclusion. Here is another Obama judge lifting her hand against the Lord’s anointed! Judge Denise Casper wants to legalize foreign invaders to vote in our elections.

Well, she blocked the enforcement of Trump’s executive order requiring citizenship for federal elections. So, in effect, she overrules 18 U.S.C. § 611, making it unlawful for any “foreign national” to vote in any election for federal office (President, Vice President, or a member of Congress). She is at odds with our laws, and our Constitution: these judges are attempting to usurp the office of President, interfering with him carrying out the duties of his office — ENFORCING THE LAWS.

Okay, one more thing, and I’ll get back with you Saturday night for the Brain Massage® LIVE podcast.

Beware, there seems to be a covert effort to flood X with fake news —catnip for right-wingers, said one libber. Check everything! Start demanding that anyone who cites a fact source provide a link to that source. Like I do! Get my notes and see what I mean.

We can’t get lazy, folks. We are at war, and this IS AN INFORMATION WAR — Go ask Alex ... Jones!

Here is an example: a friend to conservatives Judge Jeanine Fan X page with a blue check, reposted another X post of yet another friend of conservatives, Michelle Maxwell, alleging a recent “review of the California Democratic Party’s May 2025 expense report has uncovered a significant and controversial expenditure: the purchase of 200 pallets of construction-grade bricks. Notably, this acquisition

lacks any associated construction plans or public documentation.”¹⁰ This originated in an article written by Johnathan Gregory published in The Burning Platform, June 11, 2025. Some conned-servatives jumped on it, inhaled the catnip, and threw it out there to Con other-MAGA patriots who find such news items too believable to bother checking them out.

All you have to do is ask for links to documentation that supports these things. It's not hard. Even if you use them to illustrate how ridiculous it is that such allegations are believable today, but then offer the caveat, I noticed there was no documentation to substantiate, for example, in this case, the expense report used as evidence supporting the claim. By the way, Jonathan's article says the Democratic Party explained the bricks were purchased for future projects, but did not provide a source. Who in the Democratic Party said this, or wrote this, or emailed this, or texted this, etc. DEMAND SOURCE DOCUMENTS.

Hey, Trump just poked Gavin in the nose again! And it's delicious fun to watch these power wars bringing the CA one-party rule to an END! But, I must adieu. Catch me on the Brain Massage® LIVE livestream Saturday night at about 7 pm on Facebook, my page, and the church page, X @jscheidbach, Rumble, LinkedIn.
