Brain Massage®: Show No. 1045

I THINK WE'RE IN HELL / IT'S A GREAT DAY FOR AMERICA, IF!

Original Air Date: 07.05.25

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

Happy Birthday, America! I write and produce this show on Friday and post it on Friday night for distribution to our radio station, which airs on Saturday and Sunday, as well as to our podcast sites. So, it's July 4th, and I think we're in Hell.

I'll provide biblical support for the statement, explain what I mean, and clarify what I don't mean.

I'm joyously celebrating July 4th with my Church family, nonetheless. The reason I'm happy is that I believe God is lifting America out of Hell right before our eyes. President Trump is signing the One Big Beautiful Bill Act at 5 PM ET, 2 PM Pacific, Friday, July 4th. The Eagle is leaping into flight, but there is something it's clinging to, and that is clinging to its feet, causing significant drag and hindering its ability to soar—the ravens are mobbing. The night owls are diving at her. Unless these devils are defeated, the Eagle will not escape Hell.

It's time for your Brain Massage®:

[TRUTH]

Happy Birthday, America! Let's start by clarifying, today is not the 250th anniversary of the Declaration. This is the 249th year. Major national anniversaries are often celebrated over multiple years.[1]

The U.S. Bicentennial (1976) marked the 200th anniversary of the Declaration of Independence. Celebrations began in 1975 with Tall Ship parades and major traveling exhibits, culminating in major celebratory events in 1976, which reached their peak on July 4th of that year.

Disney was big on America back then, and celebrated the bicentennial with a special parade called *America On Parade*, which began in June 1975 and ran through September 1976. We watched it several times during that period.

It's now past June 2025, and Disney has not announced any special recognition of the 250th anniversary of the Declaration.[2] The difference between then and now? Today, Trump is President. And it's been a while since Disney's Land loved America-as-founded. [IBID.]

Other examples of extended celebrations of major historical events include the 100th anniversary of the Statue of Liberty and the World War I Centennial.

Some might think a mid-centennial celebration, marking a fifty-year interval rather than a 100-year interval, does not warrant so grand a celebration, and say Trump is on a vanity trip. However, America celebrated the 50-year anniversary of the Declaration in 1826, and then the 100th anniversary 50 years later.[3] These are called sesquicentennials—yeah, that's why we don't lead with that! We had a 150th Anniversary of the Declaration in 1926. [IBID.] Fifty years later, we celebrated the 200th anniversary. The Civil War is another example. WWII, another.

This year marks an epoch, an era of American resurgence, and major prophetic leaps toward the End. Many don't rightly understand the Last Days prophecies of Isaiah 2, Micah 4, with Genesis 49:13. These Last Days prophets predict an economic boom time centered in the Middle East, complete with a "peace" in the Middle East built on trade agreements, that push world economies into a period of outrageous wealth and riches. It will include a prevailing policy of arms reduction and freedom of religion (Isaiah 2:4; Micah 4:3 (see Joel 3:10), and Micah 4:5).

Let's take a moment to look at these prophecies. Notice, this is a prophecy of what people and nations will be SAYING: (Isaiah says many people shall go and SAY (Isaiah 2:3), Micah says many nations shall come and say (Micah 4:2). Say what?

Isaiah 2:4 "… They shall beat their swords into plowshares, and their spears into pruninghooks: nation shall not lift up sword against nation, neither shall they learn war any more."

Micah 4:3 "… They shall beat their swords into plowshares, and their spears into pruninghooks: nation shall not lift up a sword against nation, neither shall they learn war any more."

As for religious liberty, get a load of this.

Micah 4:5 "For all people will walk every one in the name of his god, and we will walk in the name of the LORD our God for ever and ever."

Friend, according to Zechariah, when the DAY OF THE LORD comes, that's when JESUS RETURNS to the EARTH, when He returns and sets His foot on the Mount of Olives (Zechariah 14:4), the policy is not going to be that everyone serves whatever god they choose. When King Jesus returns, the policy will be "In that day shall there be one LORD, and his name one" (Zechariah 14:9).

And as for the disarmament policy that will be all the rage during this period, guess what happens before the return of the LORD to the EARTH to set up His physical kingdom on Earth?

Joel 3:10 Beat your plowshares into swords, and your pruninghooks into spears: let the weak say, I am strong.

Mark my words! This anniversary will mark the beginning of America's rise out of Hell; it marks the full turning of this Ship of State, weakening the Maelstrom's grip upon its keel, to set its sails for a new course, with a heading for America-as-founded, toward a new sunrise of America's manifest destiny. Now, there's some language that will wring the blood from an antichrist's nose.

I think it is doubly fitting we should celebrate this fifth ses-qui-centenary of our Declaration of Independence — for the signing of this historic Act of Congress is a rebirth of American INDEPENDENCE from the forces of tyranny like the Kraken, wrapping its tentacles around the USS America—WOKE ideology, Oppressive taxation, antichrist weaponization of government, turning the civil sword against the righteous and in defense of the vile and wicked, perverting benevolence into support for laziness, indolence, and making this a nation worse than the infidel—refusing to care for its own, and robbing our children of their own heritage and home—curse the Kraken! Be damned and driven back to the depths of hell and take your Communism, and Socialism, to join Karl Marx and his ilk in the fires where their undying worm writhes in the fires that shall never be quenched.

O God, let today mark the day you give us a rebirth of Freedom and break us loose from these "chains of darkness" set upon us by the unreasonable and wicked children of disobedience guided by the prince of the power of the air—chains forged to hold devils in the Deep—broken by the Cross! In Jesus' Name, let not these agents of devils drag this nation into their power.

I must conclude this segment; let's do that by considering the key features of the One Big Beautiful Bill Act that is to be signed in, let's see, about thirty-five minutes from now. (It's 1:25 PM PT, and 4:25 ET, July 4, 2025—the President is scheduled to sign the Bill at 5 PM ET, which is 2 PM PT).

First, as you probably know by now, the Bill was not modified by the Senate to exclude the provision that pulled 1.4 million illegal immigrants off the Medicare nipple. The amendment to that effect, which failed to pass, it turns out, was a "message vote." The provision for this cut remained in the Bill all along and was never removed. The savvy Legislators advanced this amendment to send a MESSAGE. Here is the message, let me deliver it for you.

First, it put all the Democrats on record as in support of illegal aliens having access to Medicare. This is illegal anyway, so even the law that acts to remove them is nothing more than an effort to enforce existing LAW. So, first, the message amendment vote was intended to show, and to put the Democrats on record in support of this very unpopular policy. And, it worked. Every demented Democrat voted against the amendment, putting them in direct opposition to 80% of Americans.

Second, this message-vote sent another "message." This one was intended for the Republicans and MAGA patriots who were frustrated that the House delayed action until they could present this Bill in the Reconciliation package. You see, the majority of the House voted in favor of removing the illegal alien from the Medicare rolls. However, an amendment requires a supermajority of 60 votes to pass. They received 56 votes. The majority voted for it, but it fell short of the required sixty votes in the Senate to pass. IF SPEAKER JOHNSON AND THE REPUBLICANS HAD ATTEMPTED TO PASS THIS BIG, BEAUTIFUL BILL THAT ADVANCES EVERY PROMISE TRUMP MADE TO THE AMERICAN PEOPLE, it would not have passed into law. It would

© Jerry W. Scheidbach (All rights reserved.)

have been blocked by the Democrats and their helpers among the RINOs.

Another lie used in an attempt to turn MAGA patriots against the Bill was the rumor that the Senate removed 2nd Amendment protection and relief against a long-standing encroachment from the House version of the Bill. I am happy to report that is NOT TRUE.[4] The provision eliminating the $200 tax imposed on any citizen exercising their inalienable right to keep and bear arms remained in the Senate version of the Bill. There will no longer be an onerous, liberty restricting, freedom encroaching $200 tax imposed on any American purchasing a suppressor, a short-barreled rifle or shotgun, or any other weapon. [IBID.]

We were told it was removed; it was not! It's there, and it passed and Trump is about to sign it into LAW.

This Bill delivers on all of Trump's promises. It sets the Ship of State on a course toward restoring liberty and justice. So now we need to sail on—we need to man the sails, hold fast to the course before us, and get this nation out of the maelstrom, onto the open sea of LIBERTY.

I'm going to take a break here, watch President Trump sign the ONE BIG BEAUTIFUL BILL ACT into law. I'll be right back!

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

Grand ceremony, great Trumpian speech—I don't totally understand what delayed things, and I especially don't understand who was the moron at YouTube that thought it was a good idea to

cut to commercial exactly at the moment the President sat to sign the Bill, and then return after the signing was done. Here is a link to the replay.[5] Did you love it when Johnson presented the gavel used to "gavel the passing of the Big Beautiful Bill"? I thought that was great.

Okay, let's talk about my title for this show, or part of my title: I think America is in Hell. First, I mean whatever is meant in Psalm 9:17, "The wicked shall be turned into hell, and all the nations that forget God."

The expression "shall be turned" is typically used to describe being directed toward something or to some place, but it is used to speak of a transformation only once (Isaiah 29:17). Jesus spoke of Hell as the place of the damned having an extended influence into the world when He said, concerning His church, that the "gates of hell shall not prevail against it." I think the nation that forgets God is let go, turned loose, or turned toward the power of hell.

The Spirit speaks of persons being called to leave the "power of Satan" and come under the power of God. A nation can also come under GOD, or it can come under Satan. If a nation forgets God, it is turned over to Hell.

The characteristics of a nation turned over to Hell include being ruled by children of disobedience whose manners model the manners of Satan. He is a liar and the father of it. He has no legitimate power or authority on Earth, so he "takes it by force" and by "violence." This is what the wicked do! They employ deception as their primary tool, and then proceed to seize power through force

and violence. They are children of Satan—that's what Jesus said—their father is the Devil, so they do the deeds of their father.[6]

A nation tends to take on the character of its leaders, or their leaders reflect the character of the people. Judah was ultimately destroyed by divine judgment because of the sins of Manasseh, whose example corrupted the people, and whose character reflected the people. The darkness that came over our land, beginning with Obama, was so thick and blinding that many people believed anything the wicked told them. Even nonsense like men can have babies, and that it's a righteous thing to put men into women's sports, or that laws against criminal behavior are oppressive, and using government to oppress the law-abiding, hard-working citizen was necessary to protect the wicked from them. We were caught in a maelstrom of darkness, drawing our nation into Hell.

A maelstrom is created by underwater features, below the surface, out of sight, that spin the tides into a funnel, drawing everything from the surface into the dark depths. These underwater, or in our case, these Deep State features invisibly turn the tides of evil and injustice into a spiritual maelstrom, drawing our nation into Hell, where devils are chained awaiting their final sentence.[7]

Although God by His chosen champion, Trump, has steered the ship of State skillfully, some of those devils that lurk below the

John 8:42 Jesus said unto them, If God were your Father, ye would love me: for I proceeded forth and came from God; neither came I of myself, but he sent me.
John 8:43 Why do ye not understand my speech? even because ye cannot hear my word.
John 8:44 Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it.

surface continue to hold the ship and create drag on the ship, holding it back, trying to pull it back into the maelstrom of Hell.

Trump and his administration has done so much, but until they aggressively address the dark underbelly of sex trafficking, and especially, the pedo-Progrom of Obama-Biden, the Ship will be dragged down to hell, again! We must shake loose of the CIA, MI6, Mosad sex trafficking pedo -progrom, or, I assure you, there will be HELL TO PAY!

Listen to Alex Jones summarize this for us.

James Comey, you know him, the disgraced FBI Director, who lately called for the assassination of President Trump in his usual sly manner, keeping himself just a toe this side of the Law—at least that's the excuse used not to prosecute him—I think it's deeper than that. When he was Director, he protected Epstein, Diddy, and other pedophiles in the Obama-Biden Pedoprogrom.

Comey's daughter works in the United States Department of Justice (DOJ). In other words, she works for Pam Bondi. Specifically, Maureen works as the Assistant United States Attorney in the infamous Southern District of New York. This is the District where the former FBI Officer in charge of that office, James Dennehy. who intentionally hid 14 Terabytes of the Epstein files from Bondi and Kash, literally obstructing justice, was found out and fired. (But not charged???) Maureen works in the same office and, in fact, was under that guy, and is the one assigned to the Violent and Organized Crime Unit. She gets assigned to all the Epstein-related cases, including those involving Epstein, Ghislaine Maxwell, and most recently, P. "Diddy" Combs. Yeah, P. Diddy is in the Epstein circle. Yeah, she's the prosecutor who made the deal that allowed Maxwell to "protect her clients" under the guise of protecting their victims.

Alex Jones reports that James Comey's daughter, Maureen Comey, has handled dozens of Epstein related cases and has hid evidence,

© Jerry W. Scheidbach (All rights reserved.)

minimizes the evidence—she's supposed to be the prosecutor, by the way—she "loses sex trafficking" portions of the evidence, and always finds a way to, 1. plant a trigger in her convictions that can be used later to spring the criminal, and 2. protect the revelation of something we've all come to know already — the FBI, and CIA are connected with this just like the Health and Human Services were connected to sex trafficking of the children put into their care—that is, before RFK roused them.

Pam Bondi had to raid the New York office to get the Epstein files, but, what do you bet that by then, the most incriminating material was given to Hillary to bleach — not funny anymore — or corrupted evidence was inserted — compromising fake evidence — so now P. Diddy is going to get what amounts to a slap on the wrist, none of the "clients" who victimized young boys, girls or women will be touched and the merry go round just keeps spinning round and round and round.

Who is protecting these pedophiles? Who is protecting the child rapists, and human trafficking operations going on within our Obama-Biden Deep State — Alex says the Obama-Biden CIA, and FBI, along with MI6 and Mosad are all implicated in this hellish business — and I'm beginning to share his concern:

[INSERT 24 seconds: Alex, giving Bondi the benefit of doubt but][8]

I noticed some things at the SIGNING that I thought were interesting. Only a few days or weeks ago, Trump was furious with Lindsey Graham; now he is signaling him out for special notice and praise. Hmmm? We probably should not read too much into such statements from Trump, but watch closely, and you'll see! I'll speak to this more during the Saturday Brain Massage® LIVE podcast, scheduled for about 7 pm.

I continue to believe Trump is leading us true, and honestly intends to break us free of Satan's grip upon this nation through sex trafficking and the protection of the Obama-Biden Pedoprogrom. It MUST BE EXPOSED—no matter how devastating.

Perhaps Trump wanted to get the Big Beautiful Bill Passed, perhaps Bondi and Kash, and Tulsi and Noem are all working to position the pieces — perhaps they are developing the middle game of their chess match with Satan — but I'll tell you this right now.

There is no way we break from the Kraken of Hell, no way we break Leviathan's grip on our nation if we do not directly challenge the dark forces protecting child trafficking and the high-level perverts.

I know that Satan will orchestrate an intimidating, scary opposition to exposure — DO IT ANYWAY! UNTIL YOU RESIST THE DEVIL, HE WILL NOT FLEE. And you can't successfully resist the DEVIL until you submit to GOD (James 4:7).

And the ONLY Institution on earth that is promised power to overcome the gates of HELL is the CHURCH — the CHURCH must RISE. Come watch the LIGHTHOUSE Rise this Sunday for our 4th of JULY special service.

I have lit the lamps in the Church belfry arch, and now you let me know if you see them.
