In the afterglow of Christmas, let's take a look at the "world" Jesus came to save! The hot spots: America, China, Russia, Ukraine, Venezuela, Nigeria, oh, and this from Niger: "Niger imposes indefinite ban on issuing visas to US citizens."[1]

It's time for your Brain Massage®:

[TRUTH]

The Christmas afterglow: Looking at the world Jesus came to save.

The Christmas promise was "on earth peace, goodwill toward men" (Luke 2:14). For "GOD so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish but have everlasting life" (John 3:16). "The way of peace have they not known" (Isaiah 59:8), so GOD sent His Son to show us "the way of peace" (Luke 1:79). Paul, by the Spirit said, they have refused the way of Peace that the Prince of Peace showed to them. He testified to what we see today: Their mouths are full of cursing and bitterness: Their feet are swift to shed blood: Destruction and misery are in their ways: And the way of peace have they not known. And he told us the reason: There is no fear of God before their eyes. (Romans 3:14-18).

The peace He proffered is still offered, but we must turn into the WAY OF THE PRINCE OF PEACE. Trump has shown us how much of the Christmas promise we can achieve if we turn this nation into the WAY of the PRINCE OF PEACE.

Let's take a look at the "world" Jesus came to save! We will start with America.

Trump has done many remarkable things.[2] Let's start with the reason I agree with Trump's insistence that we contrast his success against Biden's miserable failures. Biden is the ripened fruit of Obama's declaration of war on America as founded: the one he announced on June 28, 2006:[3] "Whatever America once was, it is no longer a Christian nation — at least not just!" [IBID] We watched the rise of the antichrist spirit in our country reshaping America into a culture devoid of Christian values and worldview. We reaped its vile fruit—manifesting in the riots of 2020, the near erasure of Christian liberties (Newsom attempting to close churches while he made certain the bars and dope dispensaries

We are also a Jewish nation, a Muslim nation, a Buddhist nation, and a Hindu nation, and a nation of nonbelievers." Whatever we once were, we are no longer just a Christian nation; we are also a Jewish nation, a Muslim nation, a Buddhist nation, a Hindu nation, and a nation of nonbelievers." https://www.factcheck.org/2008/08/obama-and-the-christian-nation-quote/ Quaker theologian D. Elton Trueblood (1930s) described America as a "cut flower civilization" *https://thethink.institute/archives/a-question-for-obama-concerning-our-christian-nation-america-as-a-cut-flower-civilization-and-a-question-about-the-10-commandments-in-schools Southern Baptist minister, R. Albert Mohle, in 1990s, quoted Trueblood explaining the idea was that American culture was cut off from its Christian roots like a flower cut at the stem. Though the flower will hold its beauty for a time, it is destined to wither and die."Mohler observed that when Trueblood offered his assessment, some beauty of the flower remained. But now, says Mohler, the blossom has long since lost its vitality, and it is time for the fallen petals to be acknowledged."

were opened, the rise of woke, with Trans ideology infected virtually all societal interactions, including women's sports and privacy, culminating in the monstrous mutilation of children in "sex-change" operations, including the theft of the RIGHT OF CONSENT OF THE GOVERNED, in stolen elections, and the near economic destruction of America during the Biden Administration. So, yes! You cannot appreciate Trump's amazing accomplishments without referencing the abyss out of which GOD, answering our earnest and fervent prayers, has sent Trump to recover this 'nation under God."

Trump began his "Address to the Nation,"[4] December 17, 2025, "Good evening, America. Eleven months ago, I inherited a mess, and I'm fixing it." After describing the darkness the Obama/Biden regime brought into American life, he said, "But now you have a president who fights for the law-abiding, hardworking people of our country."

Trump stopped the invasion of our southern border. For seven months, zero illegal aliens have been allowed into our country. He pointed to Biden's favorite excuse to dodge responsibility for the border: it takes an act of Congress, Trump said, "As it turned out, we didn't need legislation. We just needed a new president." [IBID].

From the worst border security in the entire world to the strongest border security in the entire world.

America cannot endure immigration without assimilation. No country can. Immigration without assimilation is INVASION — drop the exclamation point on PERIOD.

Trump has aggressively addressed the invasion by Venezuela, let's say, China-Venezula, let's say, China-Russia via Venezuela invasion. The Venezuelan gang Tren de Aragua — devastated! The Drug

Cartel's dope shipping attack by state-sponsored terrorists is being systematically dismantled. Venezuela (and Serbia's) interference in the 2020 election is being exposed, and the proxy state used to attack America is now blockaded:

The head of Venezuela's organized attack on America, Maduro, has been put on notice. Columbia, too, by the way.

We have a President who is acting in the interests of Americans.

The woke mob is broke! And the "sinister radicals" that have controlled and ruined our education system in America are losing their grip on the souls of our children.

Trump is cleaning up the mess Biden created with his open border policy, woke-promoting America-last policies.

The attack on America by our State enemies' weaponization of the drug trade is being addressed aggressively.

Our military is back in the business of protecting America from foreign enemies and from insurrection from within. That's right! We are only weeks, if not days, out from a declared insurrection and activating the military to put it down. We are ready to fight a multiple-front war, even with one of those fronts being in our own front yards. Eighty million armed Americans are not spoiling for war, but they are ready to defend their families and freedom! Remember the Minutemen!

GOD has used Trump to deliver on the Christmas promise of peace, at least to "show us the way of peace." It's peace through strength. Trump has shown us that we don't have to live in a world where we are constantly breaking each other's things and killing each other. His "let's make a deal" approach aligns with biblical prophecy. He has settled eight wars and ended the war in Gaza. We have seen more peace in the Middle East under Trump' leadership than has been seen in that region for over 3000 years.

God is answering a promise that when a nation acknowledges Him they will be blessed. That every nation whose God is the LORD JESUS will be BLESSED.[5] Among the blessings, this, that such a nation will be the head and not the tail.[6]

The economy is coming back and promises to be the strongest our nation has ever known.

The Obama-Biden era looted our Treasury for trillions of dollars. They have, I think by design, attempted to crush the middle class out of existence. They enacted policies designed to drive up the cost of living, carefully protecting the super-rich, and propping up the non-working poor with printed promissory notes to the globalist elitist marionettes pulling the string of their puppets—car prices rose 22%, 30% in many states. Gasoline rose 30% and here over 50%. When it comes to Biden economics, the only guy to beat him is Newsom. Hotel rates rose 37%, and airfares rose 31%. But under Trump, these prices are falling.

Obama-Biden made medical care unaffordable, and food prices soared. This did not touch the Swifty rich, the Obama's have milked their office of millions, Shifty, Pelosi, it hurt none of these people. And it did not touch the welfare class. But it nearly crushed the middle class. That's what communism does. Nothing threatens communist goals like a strong middle class. That's why they target us.

But then came Trump, and, viola, Thanksgiving dinner came down 33% compared to Biden's last year. Eggs have come down a whopping 82% after Biden's climate change-focused Tom Vilsack

[5] Psalms 33:12 ¶ Blessed is the nation whose God is the LORD; and the people whom he hath chosen for his own inheritance. Psalms 144:15 Happy is that people, that is in such a case: yea, happy is that people, whose God is the LORD.

[6] Deuteronomy 28:13 And the LORD shall make thee the head, and not the tail; and thou shalt be above only, and thou shalt not be beneath; if that thou hearken unto the commandments of the LORD thy God, which I command thee this day, to observe and to do them:

presided over the slaughter of 100 million chickens that led to egg prices soaring so high that the Bidenistas assumed it would be impossible to bring egg prices down, but Trump did it! And suddenly, the Bidenistas in the globalist-controlled media got small and quiet.

Under Obama-Biden, real wages dropped by $3,000 dollars. Under Trump, real wages have risen: 1300 for factory workers, 1800 for construction workers, and for miners, bringing back "clean, beautiful coal, its $3300 per year. And, under Trump, wages are rising faster than inflation. On top of that, more Americans are working than ever before in the history of our nation. And, get this, 100% of all jobs created were in the PRIVATE SECTOR. Government jobs have decreased, while private-sector job rolls have increased. You can't appreciate the significance of that until you stop and think that every government job is paid by the taxpayer, and every private sector job pays the taxpayer.

Trump has secured a huge $18 trillion of investment from outside our economy into this economy. These are not "printed promissory notes" of debt to the big Banks — this is real income. If this keeps up, we can finally start paying down the national debt.

There's too much! I'll sum up! "One year ago, our country was dead. We were absolutely dead. Our country was ready to fail. Totally fail. Now we're the hottest country anywhere in the world. And that's said by every single leader that I've spoken to over the last five months."

So, that's last year. What about next year? We'll begin to see the results of the largest tax cuts in American history.

From no tax on tips, to no tax on overtime, to no tax on Social Security, the Trump administration keeps giving back to the once brutally mistreated middle class. Which, by the way, helps everyone.

© Jerry W. Scheidbach (All rights reserved.)

Many families will save 11,000 to 20,000 every year. Next spring is projected to be the largest tax refund season of all time."

Every soldier is receiving $1776 in honor of America's 250th birthday.

Trump is standing up to special interests, including the special interests of Somalians in Minnesota. Yeah! Hey, Tim "Tampon". Walz, I notice you have not answered Cat's question: where exactly do you suggest the boys put that tampon you placed in their restrooms? Let me tell you where the Minnesotans are going to put you—in the 'UNEMPLOYMENT LINE." Maybe you can get a job from the Chinese, but my guess is, they'll cut you off faster than Veterinarian Dr. Eisel castrates cats. (Roughly 17 minutes.)[7]

Drug prices are going down because Trump is actively negotiating to make it so. He negotiated for America to receive "most favored nation" prices. He wants the Obamacare subsidies to go directly to Americans, not to insurance companies.

Have you lost your breath yet? This guy is a dynamo! A force of nature, no, a force of Divine Favor — and we had better not blow it.

The last time JESUS moved to bring peace and goodwill to the Earth, evil men killed Him. Jesus warned that if they received Me, they would receive you, and those who hated Me, and those who hate Me now, will also hate you.

I need to take a break, and introduce you to a candidate for the 37th District, Poornima Wagh. Hold on! I'll be right back!

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march—an enemy that would steal from us our liberty.

In the last segment, I touched on Trump's end-of-the-year address to the American people. On top of all that, he is addressing energy costs. It's hard for us here in CA to get real excited because Newsom has built a policy wall around CA energy keeping prices higher than anywhere else in the Country. Gas is down to 1.99 per gallon in some states. But here, we pay the Newsom/Democrat controlled-economy price of near $5 per gallon. Trump is also addressing electricity prices — but until we get rid of Newsom and change out the tired Democrat thieves with fresh leadership, like Poornima, the CA Wall keeping California from experiencing the blessings of the Trump economy will continue to block the blessings.

To summarize, Trump put it perfectly: "In the end, government either serves the productive, patriotic, hardworking American citizen, or it serves those who break the laws, cheat the system, and seek power and profit at the expense of the nation."

Thank you for the Merry Christmas gift, Mr. President!

Now, let's look at some places where we still have work to do.

You heard about the Dallas Police officers who arrested a group of street preachers in Dallas. Here is an update.

See the video here.[8] It's a perfect display of police arrogance and oppression. These officers must be FIRED![9] Why? Dallas PD says the officers were responding to a noise ordinance violation on private property.[10]

1. Private property does not include a public sidewalk. It looked to me like these men were gathered on a public sidewalk, and it's very clear that at least that's what they thought, and if you look at it, it's perfectly reasonable that they thought so.
2. The officers should have focused their attention on the individual violating the ordinance, not on the group as a whole. The officer in the video obviously took pleasure in pushing his badge around and behind that badge, arresting street preachers who were not violating the ordinance, but objecting to the encroachment of the officers on their freedom. The officer arrested a Christian because he "asked a question" — look at the video. [IBID].

He should be investigated, and if it's true that he was responding to a noise ordinance call, and he arrested someone who after the ordinance was explained, he took the bullhorn and continued to exceed the noise level allowed, okay. Let's deal with that in court. But if it is as it appears in the video, that this officer had his pride pricked by the audacity of a citizen asking about his actions, he needs to be fired. Yesterday! And barred from ever holding a badge of authority. Like police officers who write an accident report, when there are zero witnesses, and arbitrarily represent one side and draw pictures that are pure fantasy. Those kinds of guys! They don't need to be cut loose on a community harassing citizens behind their badge. What's wrong with these people? They imagine they are the judge and jury? They independently decide guilt! Unreal!

Anyway, get this Dallas officer depicted on the video, who was so stupid as to flaunt his arrogance in the face of the camera, get that guy as far away as possible from any badge of authority.

I agree with Don Keith: "As someone who spends a lot of time in The UK and talks with a lot of Brits, I can tell you, if the arrests of these Christian preachers in Dallas on a public sidewalk isn't fully investigated and stiff consequences aren't administered to the

officers involved, then the trend will only get worse as America becomes more Islamized and Muslims gain positions of power."[11] This is how it starts! Stop it NOW!

With regard to Trump's efforts to end the Ukrain-Russia war, Graham keeps trying to hijack foreign policy. We did not vote for the affable *Mick* Lindsey Graham to run foreign policy. He is attempting to direct foreign policy from his Senate seat.[12] Please identify the constituents you are representing. I fear they might include persons associated with the Military-Industrial Complex (MIC) — the one Eisenhower warned us against in his farewell address to Americans delivered on January 17, 1961. You are not being helpful here—unless President Trump likes whatever pressure this might put on Putin—sort of like he used pit bull warmonger Bolton.

And we continue to do battle with corrupt judges: Biden appointed US District Judge Amir Hatem Mahdy Ali (you are forgiven if you assume this judge is a Muslim)—he is publicly identified as Muslim — and what we know for sure is that he was born in Canada, and held dual citizenship with the US and Canada. There is no public record of his renunciation of foreign citizenship.[13] This arrogant judge has inserted himself into what is clearly the President's prerogative.

This is premised on Article II of the US Constitution, as Commander in Chief responsible for the security of the Country

(Article II, Section 2, first clause), and on the fact that, under Article II, Section 1, the President is granted the power of the Executive Branch. He is the Executive, and he is responsible for protecting the security of the US. The SCOTUS has consistently held that the President, being responsible for protecting the US, must have power over access to. security-related matters. In the Department of the Navy v. Egan, 484 U.S. 518 (1988) the court ruled that "The authority to protect national security information falls on the President as head of the Executive Branch and as Commander in Chief." In this decision, the Supreme Court recognized that the President holds "plenary authority" — that's all authority — to "Grant a security clearance, to. deny a security clearance, and to. revoke said security clearance, and may do so independent of statute — meaning he does not have to get permission from Congress, or any Judge. Included in this decision was the ruling that "Courts and administrative bodies may not second-guess the merits of clearance decisions." The court emphasized that access to classified information is NOT A RIGHT, but a DISCRETIONARY TRUST.

The Muslim Judge demonstrates he does not understand the separation of powers, has no respect for our laws, and should be immediately removed from the bench. If he is too lazy to do appropriate research before he makes these decisions, he should surrender his robe and gavel. If he is a corrupt and wicked man who purposely violated his office in this decision to serve a certain PARTY or some personal agenda, he is unfit to hold the bench. It's clear to me that this was an effort to obstruct the Executive and intrude into the privileges and duties of the Executive Branch.

And another Judge, County Judge Sarah West, set aside a unanimous guilty verdict rendered against Abdifatah Yusuf, and his wife, LUL AHMED, Somali muslims who were charged with FRAUD, bilking 7.2 million dollars in Medicaid funds. The

evidence was clear, and the jury rendered a 100% guilty verdict on all six counts. The Judge dismissed the Jury and set the thieves free. The judge agrees that fraud occurred, but claims there was insufficient evidence to determine who was responsible for it.

Unreal! Nick Shirley and a Minnesotan, David, visited several of these Somali health and child care businesses and showed, on video, that these Muslims from Somalia in Minnesota are milking the system of billions. In one day, they showed, on camera, supported by legal documents, that these businesses had already stolen tens of millions from Minnesota and America at large. They are robbing taxpayers blind, and this has been going on for years under Governor Walz's knowing eye. This investigative reporter showed the receipts and provided video evidence supporting the allegations. They visited one of these fraud enterprises where 14 different child care businesses operated under one address, and there were no children at any of the child care centers they visited. View the full report here.[14]

But we do have recourse to the Supreme Court, and the majority is sane and Constitutionally literate. By the way, in large part thanks to Trump's first-term appointments.

The Supreme Court of the United States has ruled Trump must declare the Insurrection Act and use regular troops before he deploys the National Guard. Hmmmm. Did things just become very complicated for Pritzker? Trump was trying to avoid this, and used the National Guard as a first recourse — the law says the President must use "regular forces" first and if he cannot quell the violence or chaos with "regular forces" then he can Federalize the . National Guard. Up to now, the Court has never defined what

"regular forces" means! They did! It means the President must send in the military and if they can't get it done, then the Guard![15]

The Vaxer attackers are quietly, but incessantly, continuing their propaganda war against Americans. But our man in the HHS department is slowly and surely cutting down the childhood vaccine schedule. The plan is to reduce the number of childhood vaccines from 72 doses all the way down to only 11.[16]

That's good news, to be sure. Here is a study referenced by Simon Gold involving 1.7 million children. It was found that myocarditis and pericarditis ONLY APPEARED IN COVID VACCINATED CHILDREN. Zero cases were found among the children who were NOT VACCINATED with the mRNA shot.[17] Furthermore, this study showed that "reduced COVID-19 A&E attendance and hospitalizations, ALTHOUGH THESE OUTCOMES WERE RARE." And Further furthermore — "Protection against positive SARS-VoV-2 tests was transient." This is a convoluted way of telling you the Shot did not work. This is the way liars talk.

I'll have to save the rest of our CHRISTMAS AFTERGLOW for Saturday night, between 7-8 PM, for Brain Massage® LIVE, episode 1023.
