ATTACKING FREEDOM / RUSH'S MAXIM: THE AGGRESSOR DEFINES THE RULES OF ENGAGEMENT / WE LIVE IN PROPHETIC DAYS! / DID THE SENATE REALLY JUST DO THAT? FUNDING DHS IS A NATIONAL SECURITY ISSUE!

Original Air Date: 03.28.26

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

The attack on the foundations of freedom: Consent of the Governed, Innocent until proven guilty (the nature of “evidence” eroded by the attack on objective truth), inalienable rights endowed by our Creator—including the “right to life,” moral inversion (rationalizations that justify killing Kirk, and babies, and those who change their minds after committing to be euthanized. The common denominator: a rejection of Truth. 2 Timothy 1:7.

Eliminating leadership was a war strategy that was frowned upon for much of the West's reign during the Fourth Kingdom. The Aggressor defines the rules of engagement—Iran perfected the tactic, and as Amir said, they cooked this recipe, and now they are eating it.

Looks like the California Democrats' trick for presenting to the voters the two top vote-getters in the State Primary is about to backfire.

The Senate passed a continuing resolution to fund DHS with substantial Democratic support!¹ [Applause-interrupt applause] NOT SO FAST! Mike says he found a poison pill, and refused to approve it.

Meanwhile, even the Democrats' beloved egalitarian European countries are waking up to the reality that people immigrating into your country legally, or illegally, who have no intention of assimilating, and every intention of occupying, and conquering, by manipulating the laws of generous nations to wedge themselves into our country as hostiles against our way of life is NOT A GOOD IDEA.

Okay, folks! It's time for your Brain Massage®:

[TRUTH]

The attack on the foundations of freedom: Consent of the Governed, Innocent until proven guilty (the nature of "evidence" eroded by the attack on objective truth), inalienable rights endowed by our Creator—including the "right to life," compromised by moral inversion (rationalizations that justify killing Kirk, babies, and those who change their minds after committing to be euthanized. The common denominator: a rejection of Truth. 2 Timothy 1:7. Where is the "sound mind" today?

There is nothing more critical to maintaining control of that beast our Founders called government than the people's ability to fire leaders they don't like and appoint those they do. The Senate must pass the Save America Act — but they are too busy trying to compromise the national security of this country by defunding DHS. Think about it! We are at war with a radical, jihadist, crazy death cult, and Democrats pick this time to defund the Department of Homeland Security? What sort of game are these devils playing?

At the same time, within the MAGA movement, we have people willing to throw out one of the most critical platform planks supporting our freedom: the rule that someone is innocent until proven guilty. Some MAGA used-to-be's are willing to buy into theories espoused by people providing NO EVIDENCE. Their criteria for proof is manipulated appearances, rather than demanding empirical facts—it's an abandonment of TRUTH,

allowing opinion to take the place of confirmed datum, following evil suspicions without confirmation.

Let me give you an insight that will help you understand the nonsense going on within some segments of the MAGA movement. It's a movement premised on common sense, and a high premium on the value of TRUTH, defined as what agrees with objective reality, and conforms to the revealed words of GOD, in submission to the PERSON Who embodies TRUTH: Jesus Christ, the way, the truth, and the life.

Some in our movement are not surrendered to the Spirit of Christ, and they may be taken captive by Satan at will: “Who are taken captive by him at his will” (2 Timothy 2:26b). The snare of Satan is delusions, and anyone buying into suspicions about someone without demanding real evidence, has stepped into the snare of the Devil. He is the accuser of the brethren and invents lies, and then claims they must prove their innocence.

Satan takes certain influencers captive at his will. He is limited and cannot take all candidates for his snare captive all at once. He has to be strategic. So he deploys his devils to capture the minds of unsaved conservatives and snares them in a delusion—beliefs premised on subjective feelings rather than confirmed “data points” that actually offer material, confirmable, evidence to support a hypothesis. Selah!

God allows this sort of thing so we can see who are authentic and who are pathetic. But we should do what we can to help them recover themselves. Listen to the Spirit speak to this:

2 Timothy 2:24-26 “And the servant of the Lord must not strive; but be gentle unto all men, apt to teach, patient, in meekness instructing those that oppose themselves; if God peradventure will give them repentance to the acknowledging of the truth; and that they may recover themselves out of the snare of the devil, who are taken captive by him at his will.”

Notice, we need to instruct them, in meekness (remember, Moses dropped the Ten on them and rebuked them severely, and he was the meekest man on the planet—it does not mean we do not rebuke them, even sharply (Titus 1:13)), and also notice they must “recover themselves.” A deluded person cannot be convinced by facts because they were not convinced by facts in the first place. You must patiently teach, with reproof, rebuke, and instruction. That’s all you can do! But we must do all we can!

To understand my next point, you need to know that when Israel originally lost the kingdom (the Babylonian Captivity), Daniel was told by GOD that the kingdom of man would pass through four kingdoms before the END would come. We are living in the FOURTH KINGDOM right now and there’s plenty of evidence to support the conclusion we are moving toward the end of the FOURTH KINGDOM. According to Daniel and JESUS,² “The kingdom” is held by a Gentile Nation among the Western powers. Today, it’s held by this ONE NATION UNDER GOD—America!

Now, for the point! The idea of using political assassination of the ruler of an enemy nation as a tactic in warfare was frowned upon for much of the West's reign during the Fourth Kingdom. The first Arab king that I know about to employ this tactic was Ben-Hadad in his war against Ahab, king of Israel (1 Kings 22; 2 Chronicles 18).

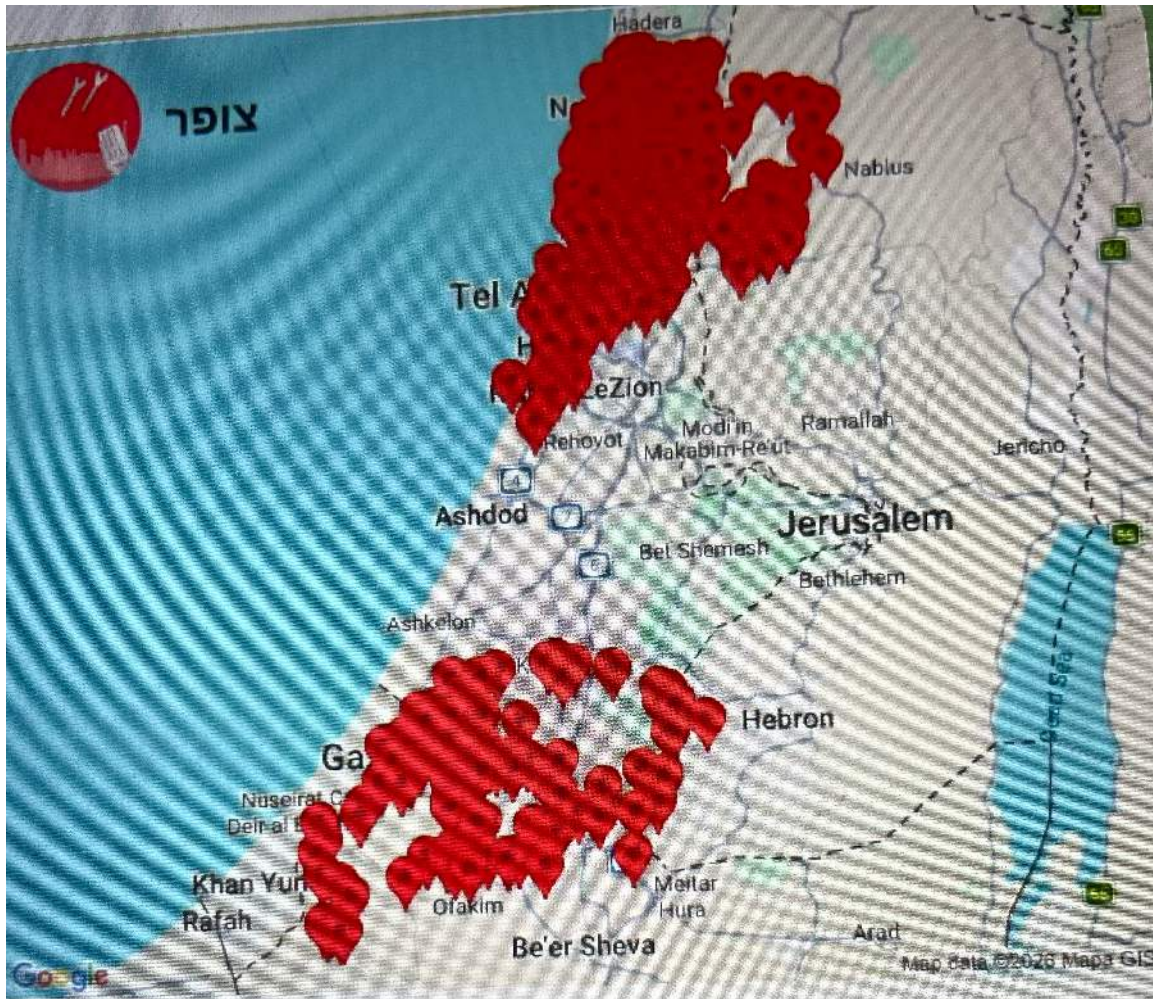

Rush used to say that the Aggressor defines the rules of engagement—Iran perfected the tactic in the modern world, and as Amir said, they cooked this recipe, and now they are eating it.

Iran targets heads of state for assassination; now their heads are being blown off. It reminds me of the pawnshop alien, named Jeebs, in Men in Black — J shoots its head off, and Jeebs painfully regenerates another head. J is surprised, sort of a “cool” let’s see that again. Shoots the new head off, and Jeebs gets very annoyed! Hey,

² Daniel 7, Matthew 21:43

new Khomeini — latest Supreme Leader Head — J-the Jew is coming for you! Probably already got ya! Anyway!

Has Iran attacked Jerusalem?³ On March 1,⁴ a warhead and missile fragments from an intercepted Iranian Ballistic Missile attack landed about 1300 feet from the Temple Mount. This is unusual!

³ 1081.6.5-Iranian missile warhead falls less than a kilometer from Temple Mount, al-Aqsa Mosque _ The Times of Israel https://www.timesofisrael.com/iranian-missile-warhead-fell-less-than-a-kilometer-from-temple-mount-al-aqsa-mosque/?utm_source=chatgpt.com

⁴ Sources vary on the date; one says it was on or about March 16. The Times of Israel article is dated 1 March, 2026.

Missile attacks are generally limited to northern and central Israel. [SEE MAP, p. 5]

Iran has fired missiles “over Jerusalem.”⁵ But there are no reports from Israeli news, or any other source, documenting missiles or even missile interception debris, landing in Jerusalem, until March 1, 2026. A missile had been intercepted, and fragments fell into the Jewish Quarter about 400 meters (1300+ feet) from the Western Wall and the Al-Aqsa Mosque compound on the Temple Mount. [IBID.]

Remember the Rush maxim: the aggressor defines the rules of engagement. If our enemy starts blowing up religious sites as a tactic of warfare, over time, sometimes very quickly, this becomes an accepted tactic for response.

Iran attacks heads of state for assassination, now their heads are being blown off.

We know Israel is going to rebuild their Temple in the last days.⁶ But the Dome of the Rock is in the way. Many theories have been concocted to explain how the Mosque will be removed to allow the Temple to be rebuilt. Some have suggested that the actual site is some meters away from the Mosque, but these claims are based on weak evidence. Wouldn't it be interesting if Iran inadvertently dropped a ballistic missile on the Dome of the Rock? Israel has the demolition part of its rebuild done. Or, perhaps, Iran will introduce a new tactic of warfare, attack churches and synagogues, and so

⁶ Daniel 9:27, Daniel reveals that Israel will have her Temple and sacrificial system in place during the time that the Man of Sin appears (Daniel 7:9 with 8:9-11). Isaiah 2 and Micah 4 clearly describe the Jewish Temple situated on the Temple Mount during the “Last Days.” We are in the period called the “Last Days,” and we expect to see this prophecy fulfilled sometime during that prophetic time. It's possible the rapture could occur, and then the antichrist rises and initiates the building of the Jewish Temple, but from the description in Micah 4:5, it appears this will occur before the man of sin rises to power.

invite an attack on the Dome. Keep in mind that the Dome of the Rock is not a high holy place for Muslims. The only interest they have in the Temple Mount is their refusal to allow Israel to reassert its national identity in its promised land. That is changing!

Looks like it's time, yep, time for a break. I'll be right back to continue your Brain Massage®.

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march—an enemy that would steal from us our liberty.

Amir Tsarfati, founder of Behold Israel, is an Israeli Christian living in northern Israel and under near constant attack by Hezbollah from Southern Lebanon. He provides commentary from the Israeli perspective within a biblical prophetic context. You can find his podcasts here (BeholdIsrael.org).⁷

Amir reports that Israeli troops and materiel are deployed to various Arab states to enhance their security against Iran. You heard that right: Israel is helping their Arab neighbors *against Iran*. Did you ever think you'd hear something like that? He also reports that not a few of the Arab nations that refused to sign on with the Abraham Accords during Trump's first term are now open to joining, and some are actively exploring the feasibility and logistics of becoming part of the family of Arab nations that have joined the Abraham Accords. Ishmael accepts his little brother, Isaac.

The point is that Arab states' attitude toward Israel is changing dramatically. They are turning against Iran's Intifada against the

Jews, the one that began at the end of Clinton's presidency.⁸ The second Intifada had a great friend in Obama/Biden—together, these presidents funded and their policies facilitated the rise of the Iranian menace to the world. Trump is ending this as God returns America to her status as a world power, the nation under GOD holding the divine sword of Romans 13.

Looks like the California Democrats' trick for running the two top vote-getters in the State Primary is about to backfire. It was done to ensure a Democrat in the State Mansion in perpetuity. But the current primary is shaping up to a run-off between two Republican candidates: Naturalized citizen and former political commentator, Steve Hilton, and Riverside Sheriff Chad Bianco.⁹ I'll provide a deep dive look at the race to replace God-awful Newscom this Saturday night on the Brain Massage: LIVE podcast.

The Senate passed a continuing resolution to fund DHS with substantial Democratic support!¹⁰ [Applause-interrupt applause] NOT SO FAST! Mike says he found a poison pill, called a phone conference with Republican Representatives, and discussed the issue with Trump, who agreed the House should not approve it. So, what's going on here?

First, be not afraid, Trump, as usual, holds the "Trump Card." He will declare an emergency, on clear indisputable grounds, I mean, does anyone not expect the crazed Islamofascists will not make some retaliatory attack on our homeland, a la 9-11, or trigger whatever terror cells they have embedded here, and so, what a stupid time to defund Homeland Security—so Trump has a "Trump Card," and will use his privileges as the Executive to

⁸ The first Intifada was declared by Iran's Ayatollah Khomeini in 1987, toward the end of Reagan's second term. The current Intifada was declared by the late Ali Khomeini in 2000 and continues to this day. Trump is about to conclude it!

officially recognize the fact that the Democrats, with their RINO cohorts, have exposed the nation to serious jeopardy and order the payment of salaries to our DHS personnel.

The House examined the bill and saw the poison pill. (There is a “suggestion” out there that says some in the Senate tipped Mike to the pill.) House Majority Leader Mike Johnson announced they killed the bill and returned one that funds the entire DHS, without picking and choosing which departments get funded. Speaker Johnson vowed to refuse any effort to PROHIBIT FUNDING THE DEPORTATION PROMISE TRUMP MADE TO THE AMERICAN PEOPLE. That’s right! Mike read a portion in the Senate-passed Bill that expressly prohibits funding Trump’s deportation policy that we all voted for in 2024. (Here is a video of House Majority Leader Mike Johnson reading from the Bill.¹¹ Here is the Bill from which he read.¹² Here is where in the Bill you’ll find the language Speaker Johnson read: pages 2-3, under page two subtitle: SEC. 4. EXPLANATORY STATEMENT. And here is what Speaker Johnson read: “The explanatory statement regarding this Act, printed in the House section of the Congressional Record on or about January 22, 2026, and submitted by the chair of the Committee on Appropriations of the House, shall have the same effect with respect to the allocation of funds and implementation of this Act as if it were a joint explanatory statement of a committee of conference, except that the contents printed under the headings “U.S. Immigration and Customs Enforcement” and “Border Security Operations” under the heading “U.S. Customs and Border Protection” shall have no force or effect for purposes of this Act, and amounts specified in the “Final Bill” column under the sub-heading “Border Security Operations” under the heading “U.S.

Customs and Border Protection” and under the heading “U.S. Immigration and Customs Enforcement” in the “Department of Homeland Security Act, 2026” table 3 shall all be \$0.”)

These dirty scoundrel Senators (All Dems and some GOPers—Including Thune, who had to know this language was inserted) and who refuse to work through a real filibuster and make the cads stand for their opposition, or suffer the ordeal of a speaking filibuster — poor little boys and girls, just get to tuckered out — there is ONE reason Thune and the rest of the tunes refuse to put any pressure on the opposition — it’s because THEY ARE PART OF THE OPPOSITION. Anyway, they could not get the Democrats and GOPers to support this Continuing Resolution (CR), so they submarined a limitation against the enforcement of our laws that require the deportation of illegal aliens. This, no doubt, explains why so many Democrats voted for the Bill. During the press conference, Speaker Johnson announced why the House would not be approving the Senate version of the Continuing Resolution by reading an excerpt from an “actual copy of the Bill.” I read it to you a bit ago.

I vet these sorts of stories and make use of AI to gather information about any questions.

You have to be careful when using AI for this sort of research.

ChatGPT went to the incorrect Bill. It went to the earlier Continuing Resolution, even though I stipulated in my query the Bill Speaker Johnson referenced in his recent press conference. I added a careful transcript of what Johnson read.

After a deep dive into my query, Chat responded with “No such language is found in the Bill.” I knew in my gut this was not right.

I decided to read the Bill myself, so I clicked the link to the Bill Chat used, and that’s when I discovered AI had the wrong Bill.

It took some digging, but I found the correct Bill and the exact quotation in it. You are playing dangerously if you knee-jerk and indiscriminately accept what Chat says. If I had done that, you would have heard me take Johnson to the woodshed for a verbal spanking for lying, purposely misquoting, and otherwise sabotaging the effort to get these DHS workers paid.

The algorithm would have sent me down a rabbit hole chasing a misrepresentation of Speaker Johnson's character. First, the massive search time, by AI standards, to do a "deep dive" into the question, and they did not find the Hill article that I found in about half the time.

You see, AI doesn't know that if special punctuation, like quotation marks, and so forth, are missing in the query, it will produce a null result. And, being a machine, you are in danger of becoming overly confident in its powers. But the machine is a slave to your query. It can't know when to adjust the query to check whether any of the keywords in the quote are present. Frankly, that's how I found it. :) Thus far, humanity is safe from being replaced!

(I'll be examining the Save America Act (H. R. 7296) for the poisoned pills some have reported are in that Bill. If I'm done by Saturday night's Brain Massage® LIVE, I'll give you my report: Tune in on Facebook, Rumble, X, or LinkedIn and find Brain Massage® LIVE: Episode 1061 (Planned for Saturday, March 28, sometime between 7-8 PM).

Meanwhile, even the Democrats' beloved egalitarian European countries are waking up to the reality that people immigrating into your country legally, or illegally, who have no intention of assimilating, and every intention of occupying, and conquering, by manipulating the laws of a generous nation to wedge themselves into your country as hostiles against your way of life. This is NOT A GOOD IDEA.

On March 26, the European Parliament passed a mandate directing negotiations on the proposed Return Regulations policy of Europe. Essentially, this means the Parliament directed the body to craft laws to achieve enhanced deportations.¹³

March 24, 2026, Denmark goes “red-pilled.” The Danish People’s Party, described as a “right-wing nationalist” party, known for its strong opposition to mass immigration, with a particular concern about Muslim immigration/invasion, has won another seat, increasing its vote share to just over 9% from a bit under 3% they achieved in the 2022 election.¹⁴ This gives them a gain of 11 seats, more than tripling their influence in the Parliament.

Euro-elites worry that this portends a trend that threatens their power and tracks with what’s going on in other Euro countries: a move toward stricter immigration controls reacting to the refusal of immigrants to assimilate, especially the Muslim immigrants, overall increase in crime rates, and overwhelming strain on their welfare programs.

The globalists want to undo Babel. At Babel, God separated people into separate language groups. Satan wants to undo that.

The Devil is trying to reconstruct the Tower of Babel, to break down national distinctions, and make mankind a homogeneous mass that they can more easily control. They use mass immigration to break down cultural distinctions, gender chaos, allowing them to slowly erase nationality and form the population of the world into a “global community.” This has the effect of reducing every nation to the lowest common cultural denominator—requiring a “mighty

Nationalism is the best system because it allows people to organize themselves around a culture based on shared values, and to be FREE and pursue happiness in an environment of LIBERTY. It allows other nations to see the prosperity of a FREE people and adopt values that enhance freedom and liberty. It also allows people groups to choose to surrender their liberties to tyrants, but nationalism isolates those countries from easily taking liberty from free people. We need COMPETITION among nations just like we need it within nations. It sifts out bad policies and bad people, and allows the best policies and best people to emerge strong.
