SUMMING UP THE SUMMIT / REDEDICATE-250

Original Air Date: 05.16.26

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

I'm at 32-thousand feet and the pilot announced wi-fi is "down." Trust, but verify! I just checked. Yep, it's "down." This is another of a growing list of frustrations I've encountered on this flight. I'll tell you about it tomorrow night for Brain Massage® LIVE.

I'll lay out my take on the Summit and then do a quick update after I've checked in and had a chance to check the latest news.

One thing for sure: Iran can't be happy with the "readouts" that have come out! Iran has depended on the nuclear "Wall" of Russia-China to keep the U.S. at bay. Trump went after them anyway: as Russia and China watched. Now, it appears Xi is willing to throw the "Regime" under the wheels of the U.S. bus. He has sided with the U.S. side of the Strait controversy: refuses to cede to Iran's demands to control it, refuses to accept Iran's plan to charge a toll for passage, or to require all traffic to get Iran's permission to pass.

Maritime law says when passage through a water way between countries from one to another body of water, say, from the Gulf of Oman to the Persian Gulf is bordered by shores without sufficient water way to avoid traversing national waters of either country, the

strait is deemed International waters for the purpose of transit vessels. In other words, the International interests of safe travel override a national interest in asserting control over ships using the strait to transit from, say, the Gulf of Oman to the Persian Gulf. Iran is ignoring the law of nations and has no legal standing in their claim. The CCP agrees! Trump is right to continue the blockade against Iran in order to defend International waters from the lawless piracy of Iran. Iran can't be happy about this.

The CCP Dragon needs energy to fuel their ambitions to unseat the U.S. as holder of world dominion (the kingdom).

Remember the dust-up over the Panama Canal? China had virtually taken over control of the Canal. But Trump moved in and asserted U.S. influence and power, displacing CCP dominance over the Canal. The Red Dragon felt that bite.

[MEME: Depict Trump as a Dragon Slayer confronting a big Red Dragon, sucking its thumb and holding his Pooh Bear.]

Next, Trump took Venezuela, and this was not only a significant bite out of their oil supply. He broke China's influence in Venezuela, and at the same time, boxed Cuba in, cutting the CCP out.

These moves are pushing China out of Latin America, setting Xi and his communists' goal of world dominion back decades. For sure, these moves are not favorable to Communist interests. The Dragon is being driven out of the West.

Now, Trump has all but destroyed Iran, a "proxy" of CCP-Putin aggression in the Middle East. Iran miscalculated Trump's resolve, and played their "Trump" card: closed the Strait of Hormuz. This invited Trump to counter by taking full control of the Strait. The Iranian-Regime thought they would control the Strait and allow only their ships to pass through. That didn't last long! Now Iran has lost control of the Strait, and the CCP, which buys 90% of Iran's oil,

has lost access to that energy source. This is a huge loss for Iran, and China. It's just not going well for the Communists these days.

So, the next shoe to drop will be the revelation of who is propping up Iran and China? Trump said something that got my attention the other day. When asked a question that included a statement about China's wobbling economy, quipped *Yeah, I've been hearing about China on the brink of bankruptcy for a long time.*

I thought, you know what, so have I. All the "data-points" support the supposition, but China's economic dooms day clock just keeps on ticking, and ticking, and...

I've been wondering the same thing about the Iranian-Regime. They've lost multiple billions in revenue, but somehow they keep afloat. I've wondered if Russia and China have secretly funneled money into Iran—Bessent might want to look into that.

Perhaps the WEF globalists have gone underground—maybe we should start looking at "dark-money" operations creating a funnel or a "pipeline" through the Vatican to support the Islamists-Communists. The Vatican has always been friendly to Communists, and we have noticed the Pope's willingness to take the side of Mohammad's murderers.

Have you ever wondered why the Vatican turns a blind eye to Communist and Islamist oppression, and outright murder and slaughter, even genocide? How is it possible this wicked Pope condemns America for stopping a maniacal religious cult from obtaining a nuclear weapon—that chants "Death to America," and "Death to Israel" — and says nothing about Tiananmen or the 42,000 unarmed Iranians who were murdered in cold blood by Mohammad's murderers?

Have you ever thought about the similarities between Communists, Islamists, and Catholics?

All three of these groups are ideologically aligned to the same Satanic values. Satan has come to steal, kill, and destroy. And that's what Communism does, and that is what Islamism does, and that is what Catholicism does, too.

Each of them has a history of giving those they rule three choices. The Communist says, choice number one, join Communist Party, choice 2. willingly submit to be enslaved by the Communist Party, or choice 3. die.

The radical Islamist gives those they conquer three choices: choice 1. Convert to Islam; choice 2. Willingly submit to be ruled by Islam; choice 3. Die.

Catholicism has the same core belief. In fact, long before Islam or Communism, Catholicism gave the world three choices: 1. Convert to Catholicism; 2. Willingly surrender your divinely endowed inalienable rights of freedom of conscience, speech, religion, and even your right to life to the control of the Pope; or 3. die. In fact, Catholicism was in some ways more cruel than either Communism or Islamism: burning their victims at the stake was one of their favorite torturous methods of murder.

I've asked hundreds of times, I've asked, where in any Papal ex-cathedra declaration, has any Pope denounced the Dark Ages, the Inquisitions, the insanity of "burning heretics" or the wicked devices their Jesuits used to undermine nations, and advance their cruelty in their deranged effort to subdue the world to the unHoly See?

Catholicism does not have the power to show its true colors now; the average American, or Western Catholic (to be differentiated from Catholicism), has been greatly influenced by the Reformation, even if they refuse to admit it. But the Leopard has not changed its spots.

If you have ever wondered why the Popes have more affinity with Communists and Islamists than they have with nations influenced by Baptist values of Creator-endowed rights, inalienable and autonomous to every individual created in the image and likeness of GOD—not a Communist doctrine, by the way, not a Muslim doctrine, by the way, not a Catholic doctrine—by the way!

Catholicism created the heresy called the “Divine Right of Kings” when it became Rome’s whore. (Some say this began with Constantine, AD 313; others put it a little later, about AD 400). Roman Catholic Popes have arrogated to themselves the outrageous title of Vicar of Christ, and presume to have dominion, or “lordship” over the faith of Catholics. They see themselves as being Pontiff over all kings of the earth—they steal from Christ the glory of being Prince of the kings of the earth (Revelation 1:5). Roman Catholicism declared war on all whom they deemed heretics and used the power of the “sword” and “fire” to kill the heretics.

Islamists came next—about AD 600. Mohammad, in the second half of the Quran, laid down the principles followed by Islamists today, declaring war against the “infidel,” to kill them wherever you find them.

Communism does the same thing with one difference: Communists think the government is god, refuse to acknowledge any authority above the “State,” specifically, their Communist Party.

It’s weird how these three get together. When the Pope says Islam is a religion we can learn from, he is saying the truth: we can learn that these three religious systems believe they have a right to rule the world and offer three choices: convert, accept slavery, or die.

So, who is keeping Satan in power? Yeah, these “regimes” are Satanic, for Satan has come to steal, kill, and destroy. And he uses force and violence to “take the kingdom” (Matthew 11:12).

It's been a while since I've looked into the Catholic doctrine of the Divine Right of Kings, the endowment of inalienable rights to man by God, and the assumptions of the Papacy. If the Roman Catholic religious system has, on the level of Papal authority, renounced the Inquisitions, repented of killing heretics, subordinated the Papacy to the Scriptures, invited Catholics to question the Pope's teaching, renounced the Divine Right of Kings, and declared their submission to the doctrine of consent of the governed, please direct me to that Papal Bull. I will accept the correction and present that to my church family and to my extended audience.

Of course, I'll apply the principle: trust but verify. And if I can verify any shift in these things in Catholic teaching, I promise to bring this to your attention.

In summary: Xi, the Communist, has more in common with the Pope and Catholicism than the Pope and his religion has with the Bible, even though Communism denies the existence of GOD. The reason Islam and Catholicism get along, even though the Quran completely contradicts the Bible, is because, Catholicism subordinates the Bible to the "Church," and the people to their religious head, the Pope. And the reason all of these get along is that, as they say, birds of a feather flock together.

Trump, who grew up in a Protestant home which embraced the Baptist values of freedom of conscience, soul liberty, consent of the governed, and total repudiation of the "divine right of kings" heresy, who embraces lawfulness and rejects lawlessness, and has won the admiration of Christians, and American Catholics, and even secular patriots, is because, birds of a feather... you know what I mean?

Truth makes you free! Those who love power over truth want to enslave others to their will. Those who love truth over power use their influence to promote LIBERTY. We worship GOD in SPIRIT

and in TRUTH. Interesting! Truth makes you free and where the Spirit of the LORD is, there is LIBERTY.

Some of you will hear this tonight because you are subscribed to receive my show posts when I upload them to our site to be distributed to our podcast audience, and downloaded by our radio station to air on KSMA, 1240 AM radio on Saturday at noon, and again on Sunday at 7 am.

Lord willing, I'll be in DC Saturday, Sunday, and Monday—on Sunday, I plan to attend Graceway Baptist Church in DC and join fellow patriots on the National Mall to rededicate America to GOD. Pray for a rebirth of FREEDOM and LIBERTY in our land

Hold on! I'll be right back!

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march—an enemy that would steal from us our liberty.

Okay, finally arrived and got settled in my room. It's after 11 pm at home, 2 AM here. It's been an arduous travel day, which is a gross understatement. I'm looking forward to participating in Rededication-250. The nation of Israel did this every fifty years; it was called the Jubilee. Joshua led the nation to reconfirm Israel's covenant with God by reinstating circumcision.

By the way, Joshua famously challenged Israel, saying, "Choose you this day whom ye will serve; whether the gods which your fathers served that were on the other side of the flood, or the gods of the Amorites, in whose land ye dwell: but as for me and my house, we will serve the LORD" (Joshua 24:15). It has always been by "Consent of the Governed." We will be "choosing" soon! "Choose" wisely.

Nehemiah reestablished the observance of the Sabbath after the Babylonian captivity.

It is fitting that America should return to her founding principles. Jefferson said, “The tree of liberty must be refreshed from time to time with the blood of patriots and tyrants. It is its natural manure.”<sup>1</sup> I think he underestimated the strength of the system he helped create. Rebellion is actually not what brings liberty. He missed it there. It is submission to God followed by resistance to the Devil.

It was not rebellion; it was surrender to a just cause and right principles that required resistance against injustice, tyranny, and the evil of oppression. It was submission to God’s divine principle of the consent of the governed, followed by resistance against the devilish doctrine of the Divine Right of Kings.

It is submission to GOD’s rule over the kingdom of man, and wrestling against the rebellious principalities, powers, the rulers of the darkness of this world, and spiritual wickedness in high places.

Christ created all principalities and appointed their princes. Christ appointed Lucifer as “Prince of this world.” Lucifer is the name of Satan; it translates Ya-lal — and means the *howling one*. Rebellion rose up in the spirit of Satan, and he drew away the principality of this present world, which now lieth in wickedness (1 John 5:19).

Christ, the Second Person of the Godhead, defeated Satan and cast him out (John 12:31). He is now the prince of the power of the air, the spirit that now works in and through the children of disobedience. These children of Satan rage against the rule of Christ and work to advance Satan’s agenda to corrupt mankind, provoking him to violence, hatred, murder, theft, oppression, and corruption.

<sup>1</sup> 1091.0.1-Extract from Thomas Jefferson to William Stephens Smith, 13 Nov. 1787 [Quote] \_ Jefferson Quotes & Family Letters.pdf [https://tjrs.monticello.org/letter/100?utm\\_source=chatgpt.com](https://tjrs.monticello.org/letter/100?utm_source=chatgpt.com)

It's the reason I call them Demoncrats—their policies advance Satan's agenda.

Christ put His Spirit in us and armed us with Truth.

Through us, His Spirit moves in this world, resisting the spirit of antichrist and thwarting the devices of the Devil.

By Christ's Spirit and with the Sword of the Spirit, which is the Word of GOD, of which Jesus said, "Thy word is TRUTH," we wrestle against those principalities controlled by Satan through the children of disobedience he puts in power, and we wrestle against these rulers of the darkness of this world, and against the spiritual wickedness in high places—by the Sword of the SPIRIT, Who is the SPIRIT OF TRUTH, we advance the cause of FREEDOM, and when truth prevails, the SPIRIT of CHRIST rises against the spirit of antichrist: and the TRUTH makes us FREE and His Spirit brings us LIBERTY.

Lies make us slaves to an evil master, and the spirit of antichrist brings us under tyranny. Only the TRUTH and Christ's SPIRIT can bring us FREEDOM and LIBERTY.

I need to wrap up the show and post it. It's 3:30 am and I'm exhausted. I look forward to bringing you up to speed on what's happened in Cuba—Russia stopped sending oil to Cuba, he has bowed out of our backyard, and Cuba has fallen like a diseased and dead apple from its tree.

Communism is getting consumed by its own greed for control and selfish fear of the People.

Freedom is coming because Truth is prevailing. Liberty is coming because tyranny is failing.

But beware! The Devil is in retreat, but he has many clever disguises: "For such are false apostles, deceitful workers, transforming themselves into the apostles of Christ. And no

marvel; for Satan himself is transformed into an angel of light” (2 Corinthians 11:13-14).

I’ve warned you! Don’t help the Whore saddle the Beast.

I’ll see you in church!
